HARRISON DENIES ALL CHARGES AGAINST ROAD

President of Southern Tells Senate Sub-Committee of Financial Difficulties Through Which Road Has Been—Declares Morgan Nor Wall Street Have Never Attempted to Rule System, and Denies Connection With the Coal Trust.

Washington, July 27.—Confirmation of the intention of the Southern Railway to build immediately at Charleston, S. C., an independent coal terminal, largely for Panama Canal traffic, was given today by President Fairfax Harrison before the special Senate committee investigating the coal rate situation in the South.

Mr. Harrison told at length of the financial affairs of his road, particularly of its distress in 1908. His cross examination tomorrow on the financial relations between the road and its directors probably will conclude the hearings until next December.

President Harrison said engineers were now at work preparing plans for the construction of a terminal to accommodate the loading of one ship at a time at Charleston and that it would take from nine months to a year to complete the work. He said he had desired to arrange to use the proposed Clinchfield road terminals at Charleston, but after months of consideration he had found in May or June last that this was impossible because of objections of shippers.

Heavy Cost to Southern.

Mr. Harrison estimated that it would cost $11,300,000 to put his road from the Appalachian coal fields to Charleston into proper shape for profitable coal transportation and to complete the terminals at Charleston.

He said the charges to the shipper would be the same as that charged by the Norfolk & Western from the Pocahontas field, although the expense of the traffic to his road would be greater than over the rival line.

During his testimony Mr. Harrison denied emphatically that his road was lons of whiskey. George is in jail, his interests or by other railroads controlled by these interests or by Wall Street. He expressed the opinion that E. L. Dulaney, independent coal operator of Bristol, Tenn., who charged in his testimony had faith on the part of the Southern toward coal operators along its line, was suffering from a "delusion of persecution."

Speaking of Dulaney.

President Harrison, referring to Mr. Dulaney, said:

"I believe Mr. Dulaney has a deep-seated hatred for one or two men who have succeeded in the Virginia and Southwestern and Appalachian coal fields where he failed. Being unable to reach these men, he attacked the Southern Railway as a railroad in these times is always a target for attack.

"I resent with every fibre of my being the charges of bad faith and chicanery brought against the organization of the Southern, and I think I am supported therein by that great mass of people who have done business with us in the South. I feel a further resentment at the charge that the direction of the policy of the Southern Railway has been in outside hands and that the management has been for any other interests than that of the South. The ambition and policy of the Southern has been to take a part in the regeneration of the South and on that policy its officers and management all along have shaped its course."

President Harrison contended that the charges were in the temper of the times, which would listen to any allegation that a railway is being used for dishonest purposes.

"If I believed that the stockholders had elected directors that used the Southern Railway to its own disadvantage, I as president of the railroad would resign," declared Mr. Harrison emphatically.

Morgan Didn't Interfere.

The late J. Pierpont Morgan, who was a member of the voting trust for the Southern, never interfered with the policies of the road, Mr. Harrison said, and never discussed with its management any traffic in coal or anything else.

Charles Steele, a member of the Morgan firm, was a Southern man and had been the most helpful director the Southern Railway has, said the witness.

Referring to Elbert H. Gary, of the United States Steel Corporation, Mr. Harrison said he believed he suggested the name of Judge Bary as a successor to the late President Spencer, of the Southern on the board of directors.

"Since this agitation has come up I have watched particularly Mr. Gary's attitude," said Mr. Harrison. "He has been scrupulous in separating his identity as a director of the Southern and his interests in th eSteel Corporation in all instances."

President Harrison gave a historical description of the growth of the Southern, emphasizing particularly the "brilliant campaign of railroad acquisition," carried on by the late President Spencer.

President Harrison was questioned regarding the Southern's purchase of the Virginia and Southwestern Railway, which Dulaney charged was effected at an unnecessarily high figure.

"I asked Mr. Spencer why he paid $200 a share for the Virginia and Southwestern," testified Mr. Harrison ,and he said, he had to get it—that there was competition for it, and he felt thee Southern needed it to get to the Appalachian field."

Charges "Absolutely Untrue."

Mr. Harrison characterized as "absolutely untrue" the charge made by Dulaney that the Pennsylvania Railroad influenced the affairs of the Southern. He declared his company had favored the development of hydro-electric power, saying it developed industries and could bring "glory for all."

Mr. Harrison said the sudden death of President Spencer left the company with one of the severest difficulties a railway ever faced.

"In 1908 we came as near diasster as a railroad can come," added Mr. Harrison. "A railroad with income can borrow, but our income fell off. I spent the time in New York trying to borrow money and President Finley spent his time on the road to cut off expenses."

Mr. Harrison read several letters he wrote to President Finley at the time. One told of borrowing $2,000,000 from three New York banks for three months at 10 per cent. Mr. Harrison suggested to the president that all construction be stopped and the cash box closed down. He spoke of J. Pierpont Morgan as the first "emergency hospital," and in a later communication told of inducing the Morgan firm to advance enough money to tide over the Southern.

Passed Over the Hill.

"We were able in 1909 to refund $31,000,000 development bonds and then we were over the hill," explained President Harrison.

"But every cent of this was to meet obligations incurred during the acquisition period, and so President Finley had not a cent of ne wcapital to do things he desired. He did get $31,000,000 new money from surplus income which he put into the property in the form of improvements. But he could not make great improvements like giving adequate terminals to the South. How often I have heard him wish for money to do this! He did start to furnish some terminals, but the collection of roads President Spencer had bought was fit to go into a museum. Until recent years the railroads of the South have been horribly inadequate because the traffic would not support improvements.

"Mr. Finley was not able to do much but he started out to iron out his collections of railroads by building terminal connections. As soon as he died I went out and borrowed $10,0000,000 on the credit he had made for the Southern to do some of the things he had so wanted to do.

"As President Spencer is to be taken as the maker of the Southern map President Finley is to be known as the builder of its credit organization."

CONFEREES REACH AGREEMENT.

House and Senate Now Have only one Bill in Conference.

Washington, July 27. — Complete agreements on the sundry civil and general deficiency appropriation bills were reached today by the Senate and House conferees. The Indian appropriation bill is the only supply measure left on conference.

The Sundry Civil bill authorizes the President to rea-arrange the customs collections district without increasing their number.

A provision in the General Deficiency bill authorizes the Treasury to adjust claims for $175,000 due heirs of Confederate officers in connection with prior service in the United States army.

TO DEDICATE MOOSE HOME.

Vice President Will Take Part in Ceremony at Baltimore in September.

Milwaukee, Wis., July 27.—The Supreme Council Loyal Order of Moose, decided today to meet in Baltimore on September 7th when the new Moose home will be dedicated by Vice President Marshall. The 26th annual international convention of the order was formally opened tonght.

CROP MONEY DEMANDS EXCEEDINGLY ACTIVE

Wilmington Does Not Agree With McAdoo's Critics.

Engagement for Clark Delegation to Visit White House Cancelled at the Last Minute Without Explanation.

(Special Star Telegram.)

Washington, D. C., July 27.—Secretary McAdoo is charged by enemies of the administration with offering money to move the crops when none is used. Wilmington, North Carolina, does not agree with these critics. She has sent Mr. McAdoo the following statement:

"The demand for money in this section has already been exceedingly active and from the present outlook it will continue so until the cotton crop has been marketed. Expect an unusually great demand within the next 30 days for the purpose of moving and marketing the tobacco crop."

Engagement Cancelled.

The engagement which Representative Pou had secured with the President to allow a delegation to endorse Judge Clark for the Federal Supreme court was cancelled at the last minute.

No reason was given either by Mr. Pou or Secretary Tumulty for the calling off of the engagement. At the time Mr. Wilson was slated to meet Mr. Pou and his Clark committee, the President was shaking hands with a

(Continued on Page Eight.)

DUBLIN THE SCENE OF MORE RIOTING

Trouble Breaks Out Afre[sh] There Last Night.

NO SERIOUS RESU[LTS]

Six Hundred Volunteers Drill[ed] ough Streets Followed by Tho[usands] Singing—Break in Door to Barracks.

Dublin, July 27.—Rioting broke out again tonight but subsided without serious results. The rumor was afloat that the Scottish Borderers would entrain at the Amiens street station. A great crowd, mostly from the slums, surrounded the station. The rioters stoned the street cars.

Six hundred volunteers paraded through the streets, a crowd numbering several thousand following them, singing.

Feeling runs high throughout Nationalist Ireland. Town councils are adopting resolutions denouncing "the massacre". The soldiers of the Limerick and Kilkenny garrisons are confined to barracks. Concerts by military bands in several towns have been cancelled.

The lord mayor of Dublin has called a meeting of the magistrates to consider the action of the Castle authorities in calling out the police and soldiers without consulting the city officials. The police threaten a strike unless those members of the department who were dismissed for disobedience of orders are reinstated.

Dispersed at Dawn.

It was dawn today before the police succeeded in dispersing the crowds marching through the streets singing patriotic songs and looking for soldiers of the Scottish Borderers, on whom to inflict vengeance for the fatal events of yesterday. The crowd finding that the soldiers had been ordered to remain in barracks attacked the royal barracks and clamored for the soldiers to come out. Finally the mob kicked down a gate and fired a couple of shots before it was dispersed by the police.

Landing of arms yesterday for the Nationalists was carried out in a most daring manner. The yacht from which the munitions were brought ashore already had landed 2,500 rifles and 150,000 rounds of ammunition at isolated points along the coast. Yesterday's attempt was undertaken to show that the Nationalists could do what the Ulster Unionists had done. At Howth, 2,500 rifles and 160,000 rounds of ammunition were landed under the eyes of the police, the telegraph wires having been cut to prevent communication with Dublin. A body of Nationalist volunteers started for Dublin with 1,000 rifles.

The police sent to intercept the volunteers cheered the gun runners and everything seemed to be going smoothly until the battalion of Scottish Borderers came on the scene.

While the leaders of the volunteers and the regimental officers were parleying the rank and file of the volunteers scattered and got away with the rifles.

Effect in London.

London, July 27.—The first effect of the Dublin Home Rule tragedy has been to smash Premier Asquith's plans for taking up the amending bill tomorrow. The Premier announced today that the question had been indefinitely postponed. The Irish members are so exasperated over the killing of four persons and the wounding of many others in the clash yesterday between the regular troops and the Nationalist volunteers that they are in no frame

(Continued on Page Eight.)

ACTUAL PROGRESS MADE ON TRUST LEGISLATION

Efforts to Expedite Bills Bring Results.

Several Republican Senators Give Up Their Efforts to Delay Action and Administration Leaders Are More Hopeful.

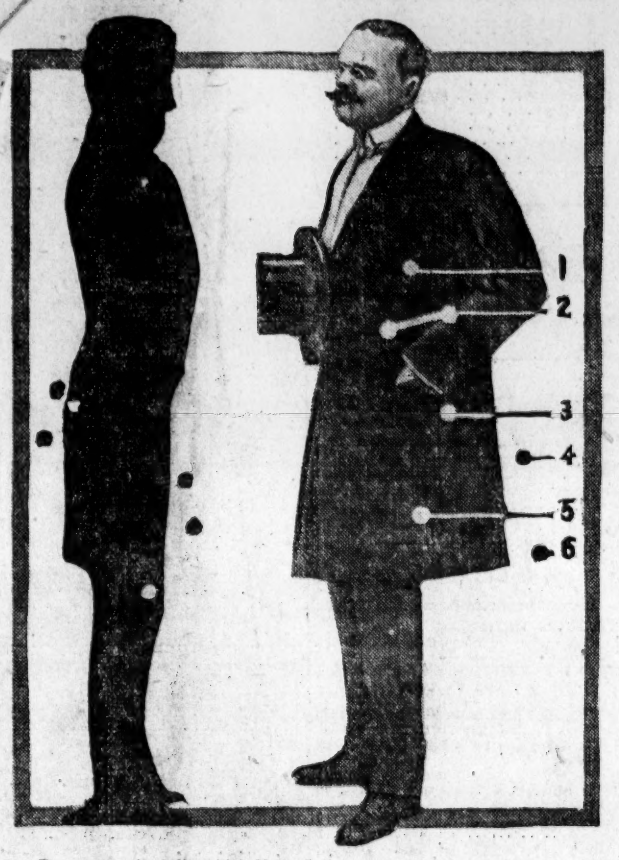
Washington, July 27.—Actual progress today rewarded efforts of administration senators to expedite trust legislation and the first vote on an amendment to the trade commission bill was reached. A few Republican senators abandoned their efforts to delay the measure and the Democratic leaders now hope to get a final vote on the first of the trust measures by Saturday night.

The amendment, adopted by a vote of 40 to 13, would apply to the section of the bill relating to unfair competition and would provide that no order nor finding of the proposed commission or of a court in connection therewith should be admissable as evidence in any suit, civil or criminal, brought under the anti-trust laws.

Senator Brandegee, Republican, moved to strike from the bill the section which would declare unfair competition unlawful and empower the commission to define unfair competition and prevent corporations from using unfair methods. This motion was pending when the Senate recessed.

Republican senators have called a conference for tomorrow to discuss the trust legislative programme and the general situation.

DUMMY OF MAN MME. CAILLAUX PRACTICED UPON AND HOW SHE SHOT M. CALMETTE



Target (on the left) which Mme. Caillaux practiced on, showing where the bullets she fired hit, and photograph of M. Calmette (on the right) showing how good her aim was when she killed the Figaro editor. No. 1, bullet that penetrated body. No. 2, glancing bullet. No. 3, bullet that caused death. No. 4, bullet that went wild. No. 5, bullet in the thigh. No. 6, bullet that went wild.

EVIDENCE IN CAILLAUX TRIAL HAS BEEN CLOSED

Counsel for Prosecution and Defense Will Sum Up Today

Paris, July 27.—Testimony in the trial of Mme. Henriette Caillaux for the murder of Gaston Calmette, editor of the Figaro, was completed today. Counsel for the prosecution and defense will sum up tomorrow.

Joseph Caillaux, former French minister, today injected into the trial a new phase of European politics. He offered in evidence "documents signed by Calmette stipulating in the clearest possible fashion the conditions under which the Figaro would work in the interest of the Hungarian government."

He also offered in evidence Calmette's will showing how much of Calmette's fortune came from a woman under a circumstance which "has never been explained."

Asked how any of the documents affected the trial of his wife, he said:

"There is, perhaps, something worse than losing one's life. That is to live by attacking women and enriching one's self at their expense."

While Henri Bernstein, the playwright was giving his deposition today the applause and hooting caused such an uproar that Judge Albanel had the court cleared and suspended the sittings.

Heated Testimony.

The playwright abandoned all semblance of courtesy, addressing the former premier and husband of the prisoner as "Caillaux" without any prefix. "We have just witnessed the French treasury, committing a felony by appropriating a will and turning it over to Caillaux."

"M. Caillaux," he began, "stands on a coffin and makes a pedestal of it. M. Caillaux recalls a folly of my youth. Today I am in the fighting service of the artillery and if war comes I shall be at the front. If M. Caillaux were there he could not replace himself by a woman. He must fight himself."

This statement caused such an uproar that Judge Albanel suspended the sitting.

As soon as the judges had taken their seats today, M. Caillaux demanded to be heard. He said:

"The Figaro having accused me today of suborning witnesses I should like to submit to the court some authentic papers concerning the late Gaston Calmette's relations with the Hungarian government. I have hesitated to use them, but I have decided to do so in view of the Figaro's attitude. I desire also to read the late M. Calmette's will."

Maitre Chenu: "How did you get it?"

M. Caillaux: "In the same way that you got my letters."

"I shall not repeat what I have said already about the bonds which united the Figaro to certain foreign personalities," said M. Caillaux. "I merely inform the jury that I place at the disposition of the court authentic documents signed by Gaston Calmette stipulating in the clearest possible fashion the conditions under which the Figaro would work in the interests of the Hungarian government. These documents are of unimpeachable authenticity. They were given me by Count Karolyi, chief of the Hungarian Radical party."

When he had concluded M. Caillaux handed a bundle of papers to the pre-

(Continued on Page Eight.)

CARRANZA AND ZAPATA WILL GO HAND IN HAND

Rebel Chief Makes Friends With Southern Bandit.

Secretary Bryan Announces That Prospects for Early Peace in Mexico is Most Satisfactory—Peace Conference.

Washington, July 27.—Secretary Bryan tonight announced that the situation as between the Carbajal government and the Constitutionalists in Mexico was "progressing very satisfactorily toward a settlement." The delegates appointed by Provisional President Carbajal to the Saltillo peace conference left Mexico City today and there is every indication, according to the State Department advices, that the conference will be successful.

Advices from Southern Mexico stated that Zapata representatives had a long conference today which was satisfactory. Officials now expect that Zapata will co-operate with the Constitutionalists in maintaining peace.

Word was received here tonight that Fernando Iglesias Calderon, who is to be Carranza's minister of foreign affairs, had suffered a broken leg in an accident in New York. He was to have been one of Carranza's delegates in the forthcoming conferences.

Members of the Constitutionalist junta in Washington said they interpreted Carbajal's appointment of the peace commission as meaning that the first chief probably would enter Mexico City before the middle of August.

Roman Catholic Church Limited.

Tampico, July 26 (via Laredo, Texas, July 27.—A decree limiting the scope of the Roman Catholic church in the State of Nuevo Leon on the ground of "public health, morality and justice," was issued today by Antonio I. Villareal, governor and military commander. He said:

"During the life of the nation the church has been a pernicious factor in disruption and discord and has entirely forgotten its spiritual mission."

Drastic Decree.

The most drastic feature of the decree is the prohibition of confession. Villareal gives as his reason for this the charge that the confessional and the sacristy in Mexico have become a menace to morality.

The decree issued in Monterey makes the following orders for government of Catholic schools and churches:

1. All foreign Catholic priests and Jesuits of whatever nationality will be expelled from the State of Nuevo Leon.

2. Of the remaining Catholic priests those who cannot prove their complete absension of politics will be expelled.

3. Churches will remain open daily from 6 o'clock in the morning until 1 o'clock in the afternoon. Only priests having permission to do so will be permitted to officiate.

4. Confession is prohibited.

5. The public is prohibited from entering the sacristy.

6. Church bells shall ring only to celebrate fiestas, in honor of the coun-

(Continued on Page Eight.)

ENGLAND WOULD ACT AS MEDIATOR IN TROUBLE

Sir Edward Grey Attempts to Get Powers to Agree on Conference Looking Toward Peace—Engagement Between Forces of Two Countries is Reported, But is Thought to be of No Importance—Russians Fire Across the German Border.

London, July 27.—An engagement between Austrians and Servians is reported to have occurred on the Danube but no details are available and it is not believed to have been of importance. Austria has not yet opened her military operations so far as can be learned.

Meanwhile diplomacy is proceeding along two separate lines, to avert the war if possible, and if that is impossible to localize the conflict. First, iSr Edward Grey, the British Secretary of State for foreign affairs, has proposed to the powers a plan for joint mediation which, it is said, France and Italy already have accepted. Germany has not yet replied and her acceptance is regarded as doubtful.

Sir Edward Grey explained in the House of Commons his idea which was that Great Britain, France, Germany and Italy, co-operate in an endeavor to arrange the dispute between Austria and Servia, on the basis of Servia's reply to Austria's ultimatum.

Should the British foreign secretary's efforts fail to avert war, it is expected he will endeavor by some meahs to prevent complications by confining the hostilities to Austria and Servia.

Second Line of Endeavor.

The second line of diplomatic endeavor, from which even more is hoped tonight, is taking place at St. Petersburg between the Russian minister of foreign affairs, Sergius Sazonoff, and the Austrian ambassador. It is understood that M. Sazonoff is making a strenuous effort to bring about a direct understanding and that a solution on these lines would be more agreeable to Germany than Great Britain's conference proposal.

The Russian Emperor has postponed his intended visit to Finland in order to be in the capital during the crisis. It is said Russia is urging Servia to give Austria the fullest possible satisfaction. An extremely warlike spirit prevails in Vienna, where the evening papers declare the Servians are only making evasions and that therefore it is impossible for the Austrian government to retreat. Further they hint that even should Servia accept the Austrian ultimatum unconditionally and offer to pay the cost of Austria's mobilization, Austria now would be compelled to ask for new guarantees.

Germans Hold Conferences.

Berlin, July 27.—Important conferences were held at Potsdam late today between the German Emperor, the Imperial Chancellor, Dr. Von Bethmann-Hollweg, and the strategic heads of the army and navy to determine definitely the German policy in the crisis.

The British and French ambassadors, Sir Edward Goschen and Jules Cambon, called on the minister of foreign affairs, Herr Von Jagow, with communications from their governments.

Authentic information has been received in Berlin that Russia though not mobilizing her army, is taking certain precautionary military measures.

Runs on savings banks by small depositors in various parts of Germany were the outstanding features of the day, which despite the first bloodshed in the Austro-Servian conflict, registered a slight but distinct increase in optimism regarding the situation.

The British ambassador made no concrete proposals. It is understood he told the German foreign minister that Great Britain's object was not to intervene in the Austro-Servian controversy but sought a basis on which Great Britain, France and Germany, by action at Vienna and St. Petersburg, could prevent the spread of the conflict.

The French ambassador proposed that Germany use her influence at Vienna in view of Moderation. He was informed Germany was willing to let the other powers try, but as Austria's ally she could not interfere with Austria's freedom of action.

Supplementary Information.

The official announcement of Russia that mobilization of her army had been ordered was supplemented by trustworthy information from Warsaw that among the precautionary military measures taken were the withdrawal of troops in Poland from the immediate frontiers of Germany and Austria for concentration in the interior; the recall of the Russian troops from their summer camps and the cancelling of leave of absence of all officers.

The border is watched by a semi-military force attached to the Treasury Department known as frontier guards.

The significant announcement was issued from Potsdam tonight that the Crown Prince has abandoned his intention of returning to Berlin and that the Emperor plans to proceed to Wilhelmshohe in a few days on his customary summer visit.

Finances Are Safe.

Leading bankers of the German capital met today and agreed on measures to protect the stock market and to encourage the public not to unload securities. The meeting voted in favor of giving credits under special terms to brokers and decided to call for margins from private investors only when the market value of securities had reached the lowest point consisttent with safety.

Hundreds of seravnts and women of the laboring classes stormed the municipal savings banks in Berlin. At one of these institutions in the center of the city there was a line of 1,500 people at 11 o'clock. The officials somewhat reassured the public by refraining from enforcing the usual time limit for larger amounts.

Similar runs on savings banks were reported from Danzig and other eastern cities as well as at Saarbruecken and Cologne.

An enthusiastic demonstration was made by large crowds who gathered at the Potsdam station when the Emperor arrived there this afternoon. His Majesty was greeted with hearty cheers as he alighted from the train.

Fire Across German Border.

Eydtkuhnen, Germany, July 27. — Shots were fired across the German frontier this morning by a Cossack patrol on the alleged ground that an attempt was being made to cross the border at a wrong place.

Germans say that the group fired upon were army officers. Much feeling has been aroused.

Russia Has Had Enough.

London, July 28.—The St. Petersburg correspondent of the Times says the Russian Emperor left Monday night for Finland, and adds:

"Now that matters have become calmer, I may quote a sentence used by the Emperor at the close of a grand council on Saturday: "We have stood this sort of thing for seven and a half years; that is enough."

Thereupon His Majesty authorized orders for partial mobilization confined to the 14th army corps on the Austrian frontier. At the same time an intimation was given to Germany that orders for the mobilization of the Russian army would follow immediately upon mobilization by Germany.

"These words and acts are believed to be largely responsible for the sudden change in the international situation.

Violent Demonstrations at Paris.

Paris, July 27.—Violent anti-war demonstrations occurred on the boulevards tonight, accompanied by the singing of revolutionary songs. Large forces of police and mounted republican guards, under the direction of Prefect Pennion, frequently charged the crowds. Many persons were knocked down and injured.

The disorders were complicated by patriotic demonstrations and on several occasions attempts were made to rush the cafes frequented by Germans, which finally were guarded by police.

Acting Premier Bienvenu Martin and the ministers of war and marine met today and received reports on the military defensive measures. The minister of war issued a circular regarding the equipment of French soldiers in case of mobilization. The newspapers also publish detailed instructions.

At the end of the demonstrations tonight the streets were littered with broken canes, umbrellas, hats and bags and torn overcoats. A large number of the police received injuries while repressing the demonstrators of whom 800 were arrested.

The war tension has caused more than the ordinary number of withdrawals of savings from various banks.

The Socialist party tonight issued a general manifesto denouncing war and has called meetings to protest against hostilities between Austria and Servia.

Significant Fact.

Berlin, July 28.—The morning papers note the significance of the fact that Sir Edward Grey's proposal contemplates only mediation between Austria and Russia, not Servia and Austria.

Well-informed circles assume that Germany is disposed to regard the British foreign secretary's proposal sympathetically but to act only within limits wholly agreeable to Austria. Any scheme of mediation distasteful to Vienna will forthwith be rejected as an attempt to exerit undue pressure on Austria.

Germany Stands Pat.

Frankfort, Germany, July 27.—The Frankfurter Zeitung, in an obviously inspired Berlin dispatch, answers the French demand that Emperor William intervene to secure the peace of Europe, and says:

"Emperor William's consistent record shows that such an appeal is not necessary, particularly as Germany has nothing to gain in the event of war. No atc of the German policy threatens peace. The appeal should be directed to Russia, whose ruler, the convoker of the peace congress, holds in his hands the decision—war or peace."

Belgian Army Mobilizing.

Brussels, July 27.—Partial mobilization of the Belgian army was ordered today, raising the total of the active forces to 100,000 men.

The international Socialist Bureau has telegraphed to its members to meet on Wednesday, when a general strike to prevent an European war probably will be discussed. The Bourse was ordered closed by the governing committee, pending international developments.

Holland Remains Neutral.

The Hague, July 27.—The chief of the general staff of the Dutch army and the Minister of Marine decided today to cut short their holiday, and return to the capital, where active steps are being taken by the authorities for the maintenance of Holland's neutrality in the event of war.

Fleet in North Sea.

Portland, Eng., July 27.—The first fleet of the British navy has been recalled here by wireless, and is coaling. The fleet comprises 28 first class battleships and a large number of cruisers and torpedo boat destroyers. All leave has been stopped, and it is understood that the fleet will proceed to the North Sea.

Stock Exchange Suspends.

Buda-Pesth, Hungary, July 27.—It was decided today on accou[nt] of the Austro-Servian situation to [suspend]

MAKES NEW RECORD FOR DEEP SEA DIVING.

New York, July 27.—Arthur Gentsch today claimed a new record for deep sea diving. Yesterday he went to a depth of 712 feet in Long Island sound.
The diving apparatus in which Gentsch descended is an ingeniously constructed submarine vessel. It is built entirely of metal and the diver is bolted and screwed securely within. The utmost depth hitherto attained with safety by divers has been 100 feet.
Gentsch and a companion declared on being hauled to the surface that they could have remained below for three hours.

NATIONAL

PHILLIES AND ST. LOUIS DIVIDE DOUBLE HEADER.

Mayer Holds St. Louis Team Scoreless in Last Game Played.

Philadelphia, July 27.—After pounding Philadelphia's pitchers in the first game today and winning by 9 to 4, St. Louis was baffled by Mayer in the second contest and lost 2 to 0. The second game was won by good hitting in the first two innings, aided by a wild pitch by Griner. In four trips to the plate Magee made a home run, a two bagger and three singles and received a base on balls.
St. Louis .....400 020 021—9 16 0
Philadelphia .....100 100 020—4 12 1
Doak and Snyder; Tincup, Rixey, Jacobs, Oeschger and Killifer.
Second game:
St. Louis .....000 000 000—0 1 2
Philadelphia .....110 000 00x—2 7 2
Griner and Snyder; Mayer and Dooin.

CINCINNATI WON SHORT GAME FROM BROOKLYN.

Rain Broke Up Show in Middle of the Eighth Inning—Score Six to Five.

Brooklyn, July 27.—Cincinnati won a seven-inning game from Brooklyn today 6 to 5. Rain came in Brooklyn's half of the eighth after Reulbach, who had relieved Ragan at the beginning of this inning, had shut out the visitors. Reulbach, whose name does not figure in the box score because the game reverted to seven innings, was the fifth Brooklyn pitcher sent in.
Cincinnati .....103 0002—6 5 3
Brooklyn .....200 0030—5 8 1
Benton, Ames and Clark; Brown, Enzman, Aitchison, Ragan and McCarty and Fischer.

NEW YORK'S WINNING STREAK COMES TO END.

Pittsburg Cops Game from League Leaders Three to One.

New York, July 27.—Pittsburg broke New York's winning streak today and won 3 to 1. Marquard, who defeated Pittsburg in a 21-inning game recently was hit hard in the fifth inning when the visitors scored three runs. Harmon kept the Giants' hits well scattered. Stops by Wagner and Doyle featured.
Pittsburg .....000 030 000—3 10 0
New York .....000 010 000—1 10 1
Harmon and Gibson; Marquard, Wiltse and Meyers.

BOSTON COPS TEN OUT OF FOURTEEN WITH CHI.

James Started the Game But Became Sick in Second Inning.

Boston, July 27.—Boston made it ten wins out of 14 starts against Chicago by winning today's game 5 to 3. James started for Boston, but became ill and retired in the second inning in favor of Rudolph. Boston drove Cheney out of the box in the second inning.
Boston .....000 020 210—5 9 2
Chicago .....000 020 100—3 8 1
James, Rudolph and Gowdy; Cheney, Pierce and Bresnahan.

—The regular semi-monthly meeting of the Board of Health will be held this afternoon at 5 o'clock in the offices of the Health Department at the court house. Several matters of interest will be considered.

FEDERAL

TINKER'S BIRTHDAY UNLUCKY NUMBER.

Buffalo Federals Defeat Tinkerville, Seven to Two.

Buffalo, July 27.—The Buffalo team celebrated Joe Tinker's birthday at Federal League park by defeating his team, 7 to 2. Anderson pitched a good game. Lange was retired in the fifth after filling the bases and forcing in a run.
Chicago .. ..001 010 000—2 8 0
Buffalo .. ..20 040 01x—7 11 1
Lange, Watson, Fisk and Wilson; Anderson and Lavigne.

PITTSBURG AND KANSAS CITY IN PITCHER'S BATTLE.

Cullop Bested Bager and the Western Team Cops the Game.

Pittsburg, July 27.—Cullop bested Bager today in a pitching duel and Kansas City took the opening game of the series from Pittsburg, 2 to 1. Barger's wildness helped the visitors win.
Kansas City .. ..011 000 000—2 8 3
Pittsburg .. ..000 000 10—1 8 3
Cullop and Easterly; Barger, Walker and Berry.

INDIANAPOLIS CAPTURES THIRTEEN-INNING GAME.

Make Four Scores Off Baltimore in Thirteenth Inning.

Baltimore, July 27.—Indianapolis won a 13-inning game from Baltimore today, 6 to 2. Kauffs' home run in the 13th inning for Indianapolis scored two runs ahead of him.
Indianapolis 000 000 011 000 4—6 15..3
Baltimore ..000 011 000 000 0—2 11 2
Falkenberg, McConnaughey, Billiard and Texter, Warren; Quinn, Suggs and Jacklitsch.

TAIL ENDERS CAPTURE GAME FROM BROOKLYN.

Latter Team Kept From Going Into Second Place.

Brooklyn, July 27.—The St. Louis tail enders prevented the Brooklyns from going into second place in the Federal League today by winning the opening game of a series here by 5 to two.
St. Louis .. ....000 000 050—5 7 1
Brooklyn .. .. ..000 000 200—2 6 2
Krupper, Groom and Chapman; Somers, LaFitte and Land.

TENNIS BOWL GOES BACK TO THE PACIFIC COAST.

Boston, July 27.—The Longwood tennis bowl will remain on the Pacific coast another year as the result of victories of M. E. McLoughlin and R. Lindley Murray, both of California, in the singles event today. New York will hold the Eastern doubles championship through the success in the semi-finals of the former National champions, Hackett and Alexander, and of Behr and Fell.
McLaughlin plays Murray tomorrow. McLoughlin in the semi-finals defeated R. Norris Williams, 2nd., in straight sets. Williams made numerous errors at critical stages.

PLAN PLAY FOR INTERNATIONAL MATCHES.

New York, July 27.—Karl H. Behr will be tried out as the tennis doubles parttner of Maurice E. McLoughlin for the International challenge matches for the Davis cup. The arrangements were completed today by R. D. Wrenn, of the Davis cup committee, after a conference with Niles S. Charlock, chairman of the Crescent Athletic Club.
The members of the American defending team will arrive here from Boston Thursday and go to the Crescent Athletic Club at Bayridge for practice.

TENNIS PLAY UNDER WAY.

Chicago, July 27.—Play in the Western Lawn Tennis championship tournament at Onwentsia Country Club got well under way today and enough matches were played to reduce the field to two score before rain fell and stopped play.
H. Mikami, a Japanese student at the University of Chicago, won his way into the second round by the default of T. Y. Sherwill, of Canada. He defeated Walter Wing, of Evanston, 6-1, 2-6, 6-2.

Washington, July 27.—The Lever bill to impose a prohibitive tax on gambling transactions in cotton futures as amended and agreed to in conference, was reported back to the House late today. Early action was expected.

PITCHERS

Red McGhee says:

It's often struck me funny, boys, that pitchers make the biggest noise wherever baseball's played. In training camp or pennant race the pitcher seems to cop the place out front in the parade. The guy that plays at first or catch is just as vital to the match it always seems to me, but somehow when the ol' spotlight puts some guy in its circle, bright the pitcher's who you'll see.

An' when you come to dope it out it's just like tryin' to learn about why chickens never swim. A pitcher orks one game in four, his teammates' bats run up a score, the credit goes to him. Somehow it 'minds me of a band. We always think the drummer's grand. While all the other men with flutes and cornets play the air, the drummer, with a wave and flare, comes in just now and then.

I ain't for changing it at all. Not me! It's such kinks make baseball. But notice it sometime. It's just as certain as the sun, an' I'll bet anyone a ton o' dollars to a dime, at corner sandlot game o' sides or that big contest that decides world's champs—no matter which—the only question that you'll hear when time to start a game draws near is: "Say, who's gonna pitch?"

AMATEUR GOLFERS PLAY FOR CHAMPIONSHIP.

Grand Rapids, Mich., July 27.—Battling from dawn until dusk through all kinds of weather conditions, 228 golfers from the Middle West, the South, the Far West and Canada competed today in the Kent Country Club course elimination round of the Western Amateur Golf Championship tournament. All the championship favorites finished among the 64 who turned in the lowest medal scores.
R. B. Martin, of Hammond, Ind., led with a card of 72. "Chick" Evans and Robert A. Gardner, both of Chicago, were second with 73 each for the 18 holes.
The 64 golfers who made the best scores will compete tomorrow afternoon in the qualification round of 18 holes.

THEATRICAL

And this is to be another feature day at that popular moving picture theatre, The Bijou. In addition to a great series of pictures this theatre is also offering the people of Wilmington the coolest spot in the city. Best be comfortable during these hot days and the best way to do that is to spend an hour in the town's leading pleasure palace.

"A Circus Romance," a love story with a thrill by the Princess players in which such well known actors and actresses as Muriel Ostriche and Riley Chamberlain appear in the title roles.

"Dead Broke" is also a very amusing half-reel picture and there is a laugh in every inch of it.

As usual the best is held until the last and it is so with today's bill. "When the World Was Silent," a three-reel Imp drama featuring Leah Baird, William Shay and William Welsh, is one of the most remarkable pictures ever offered to the Wilmington public. Can you imagine a situation justifying a woman pouring poison into her sweetheart's ears, making him deaf for life for fear of losing him to another woman?

"When the World Was Silent" is one of the strangest modern love dramas that has ever been conceived and its deep-laid plot is one that will catch your deepest attention and hold it from the beginning through to the very end. Heart gripping incidents—action that is swift and full of surprises feature this picture throughout. "When the World Was Silent" is indeed a picture that the movie lovers of Wilmington cannot afford to miss.

It might be well to remind you that tomorrow "Lucile Love," that famous little girl of mystery makes her appearance again at The Bijou. There is only one more chapter to this thrilling serial after this one.

Big Week at The Grand.

The popular Grand is off, joyously off on another great week, opening the new week yesterday in a blaze of glory. And great things indeed has The Grand, the people's favorite pleasure palace, and the spot that is always cool and freely ventilated, on tap for this week. Thursday will roll around "extraordinary feature day" at The Grand, so don't fail to make a note of it in your memory and be among those present.

Four really wonderful films are on today's menu, led by one that will stir the heart, dealing as it does with a most fascinating theme. It is Edison's "The Counterfeiters." The scenes flashed on the big screen are thrillers and interesting. A star cast appears, including Richard Neill, William Betchel, Julian Reed, Horace Newman and Sallie Crute.

A close second to this big sensation comes Kalem's "The Hour of Danger," telling the story of a physician who jilts one girl and, at the critical moment in his career, the woman he abandoned, saves him. Robert Ellis, Irene Boyle and Harriett Forythe head the big cast.

The popular actor, Mr. G. M. Anderson, appears today in another big "Broncho Billy" story. This one is "Broncho Billy's Dutty," and it's a stirrer. Then there is a great laugh film in "Fire! Fire!" It is a whoop of merriment all the way through.

EXCITING RACES HELD AT MICHIGAN FAIR.

Detroit, Mich., July 27.—More exciting racing than that furnished at today's grand circuit opening at the State fair grounds seldom has been seen in Detroit. In the 2:15 pace, after Ella Mackay had won two heats and View Pointer the third, Major Ong came through and took the next three.

Ortolan Axworthy handily won the sweepstakes for 2:12 trotters and Walter Cochato took the 2:04 race in straight heats. Grand Marshall fought a game fight to win the third, fourth and sixth heats in the 2:08 trot.

The chamber of commerce $5,000 stake for 2:13 class pacers, is the feature of tomorrow's card.

FOREIGN TENNIS PLAYERS MEET ON GOLF LINKS.

Pittsburg, July 27.—A large gallery of local enthusiasts today visited the Allegheny Country Club where the semi-final match between the Australian and German tennis teams for the Davis cup will be played this week, and saw the Germans, Otto Froitzheim and Oscar Kreutzer, practice. The members of the antipodean party played golf. The effect of the Austrian-Servian crisis on the coming match was the subject of much discussion by N. E. Brookes and A. W. Wilding, of the Antipodean team and it was brought out that Wilding is a lieutenant in the King's Colonials of New Zealand.

Froitzheim, who is a lieutenant in the German army, although uneasy over the war scare, declares he is going ahead with his practice.

FUNERAL OF MRS. HERRING.

Wife of Prominent Physician of Wilson—A Good Woman.

(Special Star Correspondence.)

Wilson, N. C., July 27.—St. Timothy's Episcopal church was entirely inadequate Monday morning when the funeral services were held in memory of Mrs. N. B. Herring. The remains were interred at Maplewood cemetery. Mrs. Herring, the wife of Dr. Needham B. Herring, one of the leading citizens and physicians of Wilson, was a woman of splendid character and notwithstanding a long period of suffering following the stroke of paralysis several years ago, was always affable and cheerful. She was 56 years old.

DAUGHTRIDGE NOW ON THE JOB AS GOVERNOR

Report Expected from Intra-state Rate Commission

Report Goes to Corporation Commission for Promulgation, After Which Sixty Days Elapse Before Rates Are Effective.

(Special Star Correspondence.)

Raleigh, N. C., July 27.—Lieutenant Governor E. L. Daughtridge is on duty here as governor now for a few days while Governor Craig is out of the State until August 10 filling engagements for addresses in Pennsylvania and Ohio. It is "Governor Daughtridge" in the absence of Governor Craig and he says he will be here "off and on" until Mr. Craig returns, making trips to his home at Rocky Mount as his personal and business interests may reequire.

Governor Daughtridge expects that the special intra-State freight rate commission will file its report on the Justice act and declaring what the intra-State rates shall be as between the reduced rates prescribed for application in this State by the Justice act and the present rates which are about 24 per cent. higher. It is generally conceded that the intra-State commission will declare an entirely new scale of rates that will be nothing like as low as the Justice rates. Furthermore, the rates that the commission will report will not include the 25 per cent. extra "Mountain division" charge for freights handled on the Asheville, Murphy and Old Fort divisions of the Southern that have been in force for many years. That this extra charge will be eliminated by the commission is learned from an authoritative source.

As soon as the report comes from the special commission, it will be sent from the governor's office to the Corporation Commission to be promulgated by the commission as the established rates for the intra-State freight traffic and 60 days from this promulgation by the Corporation Commission the new rates will become operative, unless there is appeal taken to the courts by the railroad companies. There is a strong impression that there will be no appeal to the courts by the railroads.

Charters Issued.

Two new corporations were chartered today as follows: The Mutual Protection and Reporting Association, Inc., of Charlotte, $5,000 capital stock for the collection of claims and providing rating lists of persons likely to seek credit among members of the association. The incorporators are W. W. White, W. L. Gilbert, E. A. Harrill.

The Warsaw Tobacco Board of Trade, of Warsaw, Duplin county, chartered without capital stock for promoting Warsaw as a tobacco market. The incorporators are T. B. Massie, J. H. Carter, W. H. Winstead, A. B. Anderson, F. L. Faison and Stanley Wall.

Clark's Friends Disappointed.

Friends of Chief Justice Walter Clark, of the North Carolina Supreme Court, do not pretend to disguise their disappointment at the refusal of President Wilson to consider him as Associate Justice Lurton's successor on the United States Supreme Court bench. Judge Clark is nearly 68 years old, they admit, but then they say he is young in spirit, and should see at least 20 years of active service. They feel that his age should not count against him in view of the fact that he is the foremost progressive in this State, and that he would add something to the Federal bench. Judge Clark has not commented on the matter, but his friends say it would be natural for him to feel that the only bona fide progressive in North Carolina was turned down on account of his age.

CLINTON MAKES A NOISE LIKE A GROWING CITY.

Citizens Building 60 New Residences—Electric Power.

(Special Star Correspondence.)

Clinton, N. C., July 27.—With saws singing and hammers ringing, oil running and tobacco turning and fans blowing—Clinton is growing.

The citizens of Clinton are building 60 new residences. Some of them are almost finished and the others are being started, the pillars being laid and the framing put together.

The Sampson Power Company, under the management of Mr. C. W. Petty, has begun to furnish the town with an all-day electric current for fans, ironing and such other uses as its patrons may desire.

The Standard Oil Company has just installed two large oil tanks for the purpose of distributing gasoline and kerosene. Mr. William Rackley is managing the business for them at this point.

The Planters' Tobacco Warehouse is now complete and ready for use. It will be managed by Messrs. Geo. L. Peterson, J. W. Burge and Wellie J. Weeks. Clinton has the equipment now to handle any and all leaf tobacco that may be brought on its market.

The town authorities have finished boring a number of deep wells and now have a plenty of water to supply the town for all purposes. The next thing the commissioners intend doing is to put in sewerage.

Farmers of this section say that since the recent rains that all of their crops are improving rapidly and most of them are thinking that they will harvest as much as they usually do.

FOREST FIRES RAGE.

Much Damage Done in Bladen, Sampson and Cumberland Counties.

(Special Star Correspondence.)

Kinston, N. C., July 27.—A report reaches Kinston of forest fires which have laid waste hundreds, probably thousands, of acres of woodlands in Sampson, Cumberland and Bladen counties. The most damaging fire originated in the White Lake section and moved northward, burning over a large area. The loss, which cannot now be estimated, was immense. At Peters Creek a dwelling was burned. Near Roseboro a blaze was started which swept over large portions of two townships. The smoke was so thick that the sun was obscured at points many miles from the flames, it is said.

Are You Going

to Lumina tonight? Your friends will be there. (advertisement.)

ATTEMPT TO BREAK JAIL

Concerted Efforts of Brunswick Prisoners Thwarted—New Fertilizer and Canning Factories.

(Special Star Correspondence.)

Southport, N. C., July 2.—An attempt to break out of the county jail Saturday night was blocked before the prisoners had proceeded very far in their efforts, the alarm being given by one of the prisoners from an adjoining cell room, who had come into the room while the work of the attempted escape was going on.

The story of the attempt to break out is as follows: In the room in the southeast corner, second floor of the county jail, eight of the twelve inmates now confined, were held. The jail has a brick thickness of about 18 inches. The prisoners had taken a sharp-pointed piece of the frame work from one of the iron cots, and with this were loosening and removing the mortar between the bricks, the plan evidently being to take away the mortar, replace the bricks and late at night or at a favorable moment, push out the loose brick and through the hole, each prisoner with the aid of blanket or sheet, drop to the ground, and rush to the woods to the eastward of the jail, where pursuit would be difficult.

The prisoners from the appearance of the work done, had begun Saturday afternoon, the purpose to get out the same nightt. That the prisoners were determined not to be thwarted was shown by a piece of iron found in the room that was to be used later, upon any person who might try to stop the prisoners when they were ready to leave the building.

Saturday afternoon, Tom Hickman, a prisoner, who happening in the room, saw the work of taking out the mortar going on, wrote of it on a slip of paper and dropped it out of the window to some of Deputy Russ' children who were playing near the jail, and in this way the alarm reached Deputy Russ, who at once broke up all further attempts.

The leaders in the movement were Ernest Hobbs, who is awaiting trial for an assault made upon Captain Bateman, of the W., B. S. Railroad, last summer, a pistol being used in the assault, and George Milliken, white, of Waccamaw.

An important new fertilizer industry is to be started, about three miles west of Southport. The company to operate is composed of Beaufort, N. C., men, who are in the same business at that place, and being shown the advantages of establishing a plant on the Cape Fear, were offered a fine site up the Elizabeth river, about two miles from where it enters the Cape Fear river, below this city, and upon visiting the place bought it. The place is known locally as Frazier's Neck, and has several hundred acres.

The new company here will be called the Southport Fishscrap & Oil Co., and will operate their own fish boats of which they have a number. Orders to build factory and other constructions are given, and the company will push the work so as to get into operation at an early date. It is said that $50,000 will be spent on the plant, this not to include any boats, nets, etc., which the company now has.

The fishing steamer Lawrence, of the C. C. Products Co., after an absence of nearly three weeks, arrived here Sunday afternoon with a catch of 500 barrels of menhaden. The Lawrence has been way to the southward, down the coast, and selling its fish to plants convenient to where the fish were caught. The steamer Hathaway, of the same company, is still out, and has been doing the same as the Lawrence, with fish caught, selling to nearest factory on the coast.

A new canning industry has been started at Bolivia, near here, by J. C. Mizzell & Sons. This canning plant puts up in attractive shape its products, all county grown, peaches, apples, huckleberries, tomatoes and other vegetables.

FIFTY PUPILS ENROLLED

In State School for Feeble Minded, Kinston, Which Opened Several Weeks Ago.

(Special Star Correspondence.)

Kinston, N. C., July 27.—Fifty pupils are now entered in the North Carolina School for the Feeble-Minded near here, which was opened several weeks ago, and Superintendent McNairy has already accepted enough applicants to bring the enrollment up to the present capacity of the institution, about 120 or less, since portions of the dormitories have had to be taken over for school rooms. The work of instruction and treatment is now being systematically executed.

From one to five applications are received daily at the offices, and the superintendent now is being compelled to turn down those who would be entered. The methods of the school are visible already in the improvement, in appearance and behavior at least, of most of the little unfortunates who are the State's charges there. No visiting hours are had at the school on Sunday, the only day reserved for the rest of the staff of teachers and attendants.

Outing for Employes.

The Kinston Cotton Mills Tuesday will give the employes of the company an outing at the seashore. A special train over the Norfolk Southern Railroad will carry about 500 people to Morehead City, at the company's expense. For several years past the management has tendered the trip to the shore for the mill workers' recreation, and invariably it has been patronized by almost the entire force.

Mrs. Chamberlain Dead.

News has been received here of the death at Pink Hill of Mrs. Jane Elizabeth Chamberlain, 74 years of age and one of this section's best known women. The cause of death was paralysis. Three daughters, Mrs. Lucy A. Maxwell, of Magazine, Ark.; Mrs. Nettie Noble and Mrs. Laura L. Worley, the latter two of this county, survive. The interment was at Pink Hill.

Denver, Colo., July 27.—The special committee appointed to consider amalgamation of the Western Federation of Miners with the United Mine Workers of America, made a report to the annual convention of the Western Federation today, favoring the project. The report embodies a resolution for a referendum vote of the members. Action by the convention was postponed.

MOUNT OLIVE YOUTH IS KILLED BY A. C. L. TRAIN

Mangled Body of Harry Aaron Found in Railroad Ditch

Fourteen-Year-Old Boy Last Seen Alive When He Left Goldsboro Sunday Night to Walk 14 Miles Home.

(Special Star Telegram.)

Mt. Olive, N. C., July 27.—The lifeless form of Harry Aaron, the 14-year-old son of Mr. and Mrs. William Aaron, well known citizens here, was found early this morning in the ditch beside the railroad track, about two miles south of Dudley. A negro passing along the railroad track discovered the body of the unfortunate youth and reported his discovery to the Coast Line agent at Dudley. The agent immediately went to investigate and by searching the young man's pockets, discovered his identity, immediately communicating such information to relatives of the young man here.

The county coroner was also notified, and, upon an examination of the body, announced that the young man came to his death by coming in contact with a moving train, his right shoulder and side being badly bruised and mangled.

The young man is said to have spent Sunday in Goldsboro, visiting friends, and it is known that he left Goldsboro Sunday night about 10 o'clock, coming to Mt. Olive afoot, nothing else being heard from him until the discovery by the negro this morning. It is thought that while making the tramp of 14 miles from Goldsboro to his home here, he perhaps became weary and sat down on the end of the cross ties to rest and dropped off to sleep and was hit by a passing freight train, one having passed along here early this morning, possibly about 3 or 4 o'clock.

After the remains had been viewed by the coroner they were brought here for interment in the local cemetery this afternoon. His mother and father and several sisters and brothers survive.

SNOW HILL MAN COMMITS SUICIDE IN WILSON RESORT.

Joseph Dunn Fires Bullet Into His Head Sunday Night.

(Special Star Correspondence.)

Wilson, N. C., July 27.—Early Sunday night Joseph Dunn, a white man, living at Snow Hill, committed suicide in a resort here kept by Cora Judy, a white woman of bad reputation.

Dunn came to Wilson on the Norfolk Southern train and went immediately to the house, asked for a room and in a few minutes the shot was heard. One of the inmates rushed to the room and found Dunn lying on the bed dead. The revolver was lying beside him and a gaping wound in the forehead told the story of the bullet. Search of the man's clothing resulted in finding a small amount of money, some cigarettes and a blank check of the firm of Dixon, Hicks & Company, of Snow Hill.

The women at the house state that Dunn had the appearance of a man recovering from a debauch, he was extremely nervous and seemed excited. The body was removed to the undertaking rooms of Quinn & McGowan and prepared for burial. This morning a message was received instructing the shipment of the body to Snow Hill.

FIENDISH NEGRO GETS SIX MONTHS ON THE ROADS.

Ed Krudup Beat His Wife and Destroyed Furniture and Clothing.

(Special Star Correspondence.)

Wilson, N. C., July 27.—Ed Crudup, the negro charged with beating his wife Saturday night, plead guilty this morning and went to the roads for six months. In trying the case it developed that Crudup not satisfied with the trouble of Saturday night, went home early Sunday morning and completely wrecked the furniture, cutting into shreds every article of wearing apparel and pictures and destroying even the trunks and boxes in which his wife kept the clothing. The woman is a hard working woman and purchased new clothing Saturday night for herself and the children. This was cut in strips, Crudup using a razor.

Police officers found a young white boy, 13 years old drunk, asleep in the area way behind one of the stores Saturday night and an effort is being made to locate the parties who furnished the whiskey.

SAVED FROM DROWNING BY YOUNG LADY SWIMMER.

Miss Mary Fuller Robeson Rescues Miss Christine McIntosh.

Fayetteville, N. C., July 27.—To the heroism of Miss Mary Fuller Robeson, daughter of the late Capt. W. A. Robeson, well known throughout the Cape Fear section, and to her adeptness as a swimmer, Miss Christine McIntosh owes the fact that she is living today, according to a report just received from "Skibo", the country home of Dr. J. V. McGougan, where a house party is in progress. Miss McIntosh, according to the report, had gone down the third time when Miss Robeson reached her, laid hold on her and rescued her from the very jaws of death. The accident, which occurred Saturday afternoon, while a party of young people were bathing and swimming in the pond, created much excitement at "Skibo."

STOCK LAW AN ISSUE.

To Play Important Part in Coming Election in Sampson.

(Special Star Correspondence.)

Clinton, N. C., July 27.—The stock law will be an important issue in the coming election in Sampson county. Efforts to have the law repealed by the next Legislature are being made by the strong opposition to it. A convention of the anti-stock law forces recently discussed the bold plan of running an independent candidate for the Legislature, but finally took another and almost as drastic move.

A resolution will be submitted to the candidates of both the parties, and they will be required to declare themselves on the stock law issue, so that the fight for the Legislature this fall in Sampson will be one of the most interesting political contests to come up anywhere.

Haverstraw, N. Y., July 27.—William V. Cleary, town clerk of Haverstraw, who on Thursday shot and killed his son-in-law, Eugene M. Newman, waived examination in court today and was held for the action of the September grand jury.

Catarrh is Often Deep Seated

Local Congestions May Indicate Much Internal Inflammation.

Just because catarrh affects the nose and throat, few people realize how deep-seated it may be until it creeps into the bronchial tubes and settles down into the lungs. The way to treat catarrh is to recognize the fact that it is in the blood.

And there is only one blood purifier that can be safely used. It is S. S. S., the most powerful, the most searching, the most assimilative blood remedy known today, for it is not a mineral, but a vegetable remedy.

The medicinal components of S. S. S. are relatively just as essential to well-balanced health as the nutritive properties of the grains, meats, sugars and fats of foods. Any local irritating influence is the blood is rejected by the tissue cells and eliminated by reason of the stimulating influence of S. S. S.

You will soon realize its wonderful influence by the absence of headache, a decided clearing of the air passages, a steadily improved nasal condition, and a sense of bodily relief that proves how completely catarrh often infests the entire system. You will find S. S. S. on sale at all drug stores. It is a remarkable remedy for any and all blood affections, such as eczema, rash, lupus, tetter, psoriasis, boils, and all other diseased conditions of the blood. For special advice on any blood disease write Medical Dept., The Swift Specific Co., 532 Swift Bldg., Atlanta, Ga. Carefully avoid any and all substitutes for S. S. S. There is nothing "just as good."

FAMILY AVOIDS SERIOUS SICKNESS

By Being Constantly Supplied With Thedford's Black-Draught.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whittaker, of this place, "with sick headache, and stomach trouble.

Ten years ago a friend told me to try Thedford's Black-Draught, which I did, and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and when my children feel a little bad, they ask me for a dose, and it does them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught."

Thedford's Black-Draught is purely vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.

It has been in constant use for more than 70 years, and has benefited more than a million people.

Your druggist sells and recommends Black-Draught. Price only 25c. Get a package to-day. N. C. 123

Great Mass of Proof

Reports of 30,600 Cases of Kidney Trouble, Some of Them Wilmington Cases.

Each of some 6,000 newspaper of the United States is publishing from week to week, names of people in its particular neighborhood, who have used and recommended Doan's Kidney Pills for kidney backache, weak kidneys, bladder troubles and urinary disorders. This mass of proof includes over 30,000 testimonials. Wilmington is no exception. Here is one of the Wilmington cases.

R. A. Biddle, 606 Castle St., Wilmington, N. C., says: "I suffered from my kidneys and back for a long time and another of my family also complained of backache. Finally, we got Doan's Kidney Pills at Bellamy's Drug Store and the results of their use were astonishing. The secretions from my kidneys were cleared up and the pain and backache left. I have no reason whatever to change my high opinion of Doan's Kidney Pills given some time ago. They made a permanent cure in my case and I am always glad to say a good word for them."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Biddle had. Foster-Milburn Co., Props. Buffalo, N. Y.

"Needless to Have Superfluous Hair"

Says Mrs. Osgood

After years of disappointing experiments, Mrs. Osgood has found a Wonder-Remedy that quickly and safely removes all signs of superfluous hair on face, neck, arms, or elsewhere, without the slightest annoyance, or risk of injuring the skin. No nerve-racking needle or evil-smelling depilatories. Simply apply the prescription as directed, and all unsightly embarrassing hair quickly disappears.

Mrs. Osgood's Wonder is sold on a Money-Back basis by J. Hicks Bunting Drug Co., who reports many satisfied customers. All first-class druggists and department stores carry it now. Get this famous prescription today—at once—and rid yourself of every trace of superfluous hair without delay.

PILES! PILES! PILES!

Dr. Williams' Indian Pile Ointment will cure Blind, Bleeding and Itching Piles. It absorbs as a poultice, gives instant relief. Williams' Indian Pile Ointment is prepared for Piles and itching of the private parts. Druggists, mail 50c and $1.00. Williams Mf'g Co., Props., Cleveland, O. Sold by R. R. Bellamy.

NOVEL MASSAGE CREAM

Perfect Skin Food That Removes Wrinkles and Clears Complexion

The most delicate skin will quickly respond to the soothing and tonic effects of Hokara and when this pure skin cream is used, pimples are soon a thing of the past.

As a massage cream or after shaving it is unequaled removing all irritations, and making the skin soft and velvety.

Apply a little to the hands or face after washing and surprise yourself with the dead skin that comes off.

Hokara is the only antiseptic massage cream, and pimples, eczema and all skin blemishes soon disappear when it is used.

Although far superior to the ordinary massage creams and sold on a guarantee of "best you ever used or money back," yet the price is a trifle, only 25c for a liberal jar; larger size 50c.

Sold on a guarantee by—J. Hicks Bunting Drug Co.

THE MORNING STAR

Published by the WILMINGTON STAR COMPANY, INC., Wilmington, N. C.

Entered as second class matter at the postoffice at Wilmington, N. C., under Act of Congress March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily and mailed to subscribers outside the city at $6 per year; $3 for six months; $1.50 for three months; or served by carrier in the city at 60c. per month, or, when paid in advance, $7.00 per year; $3.50 for six months; $1.75 for three months.

THE SUNDAY STAR by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate and like matter will be charged at the rate of 10 cents per line, to persons carrying a regular account, or, if paid cash in advance a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, excursions, society meetings, policital meetings, etc., will be charged under the same conditions, except so much thereof as may be of news value to the readers of the paper, in the discretion of the editors.

TELEPHONES: Business Office, No. 51. Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and, if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

ALL DRAFTS, checks, express money orders and postal money orders for the paper should be made payable and all communications should be addressed to THE WILMINGTON STAR CO.

Tuesday, July 28, 1914.

Who was that said our foot was homesick for a brass rail these hot days?

Now that all Europe is bristling for hostilities, where is Huerta going to spend his exile?

While standing at Armageddon, Col. Roosevelt is doing his best to get Boss Barnes on the run.

"What shall we do with our ex-Presidents," in order to keep them from being sued for libel?

They do say that Texas cotton needs rain. How could it? Didn't the Lone Star State vote wet?

We will have to wait till actual warfare starts in Europe before we tell you who holds the knife.

If the Austro-Servian forces plant mines in the Danube river, where under the sun would Montenegro?

Should all Europe go to war with the rest of itself it would certainly be some family affair, so to speak.

Durham and Greensboro are making a noise as if they realize that Charlotte is not in baseball for her health.

They got only part of Huerta's goat. He is taking the main part to Europe where it will be safer than in Mexico.

During weather like this a man is excusable for embracing every opportunity to hug the shady side of the street.

Colonel Roosevelt calls Colombia a blackmailer, but what Colombia calls him in Spanish would not be fit to print in English.

We fully expect the calamity howlers to be driven by prosperity to the necessity of confining themselves to an occasional yawp.

Says a psychologist: "While the weather is hot, imagine you are going out to skate." However, to get on a skate would make matters worse.

A man has a right to get into any kind of a fight he wants but a man who fights against the inevitable is licked before the fight begins.

The European war news comes along just in time to keep the Barnes libel suit against Roosevelt from getting the desired first page location in the newspapers.

The State of Washington is going to have a referendum on the question of prohibition. If it should carry, everybody who is on the losing side will be in favor of the initiative to get rid of prohibition.

If wars keep multiplying as they have in the past few months, the newspapers in America will have to invent a double front page so as to give appropriate headlines to each of the conflicts.

One way for a man to realize that prohibition is no failure is to have several pipe dreams about the possibly refreshing quality of a mint julep while July insists on being hot up to the very last day.

Great Britain seems disposed to view the great European war cloud with absolute composure. She will do a little watchful waiting but is apt to reach out and get some kind of slice for herself when the affair gets to the division point.

During the primary campaign in South Carolina large crowds assemble to hear the candidates reply to each other. However, what the crowd would like to hear on the part of their favorites is something in the shape of an answer to a candidate who jumps on theirs.

It seems about as hard for Carranza to make up his mind as it did for Huerta. Never mind. Like the last named "Greaser," he will come to it after a while and when he does he may carry out his plans just about as fast as Huerta left Mexico City when he decided to go.

DOING THINGS AND DOING THE INTERESTS.

Most of the things done by the Wilson administration are what the majority of the people of the United States wanted it to do. Therefore, there is no earthly reason why the majority should not stick close to the administration and keep it on the job in Washington till it gets the affairs of the country in good shape.

The American people can not fail to notice a tremendous improvement of the moral atmosphere in a civic sense throughout the Nation. It will take time to adjust all conditions to the change in the new way of conducting the government, but those Americans who object to being openly exploited by the aid of their government cannot fail to observe that a big change has been wrought in two years of Democratic administration.

The people should shudder at the thought of returning to old conditions when special privilege dominated the government, and Congress did their bidding at the behest of men like Aldrich. The people cannot fail to remember that it was under Republican administrations that the whole Nation was scandalized by high finance. The buccaneers with billions are lying low now, and that is one of the best signs that a people's administration is on the job at Washington.

The evidence is too plain for the people to overlook it. They are quite aware of the fact that Republican administrations and Congresses used to "do things", but they were done for pernicious and vicious special interests and for freebooting systems. They are also perfectly aware that Wilson and the Democratic Congress are "doing things" for the people and are doing things to the special interests and exploiting systems which operated on full time when Republican adminstrations were in flower.

WHEREIN SAVINGS OF A LIFETIME ARE VITIATED.

It is a pity that some condition other than Judge Clark's age should not have been set forth as a bar to consideration by the President of his candidacy for a place on the United States Supreme Court bench. To those who have had occasion during the last five or ten years to observe Judge Clark at close range, those who personally know his habits, his methods of life and work, and the unusual and remarkable physical and mental vigor which he possesses, there must appear something closely akin to the absurd and the ridiculous in the proposition that his age by two or three years bars him from consideration for the place to which he aspires, while the appointment may go to one not five years his junior. Judge Clark is between 67 and 68 years old, but there are plenty of men who are ten and some even twenty years younger than he, men qualified by training and experience for a place on the Supreme Court bench, who lack much of the physical and mental strength that the distinguished North Carolina jurist possesses today.

The Star is not and has not been an insistent champion of the appointment of Judge Clark as the successor to Justice Lurton, nor is it our purpose to offer a word of criticism of the attitude of President Wilson in this matter. Our chief purpose is to point out the apparent "irony of fate" in which circumstances by a narrow margin would render worthless to a man, when it comes to a realization of his life's highest ambition, the one asset the conservation of which he has fostered with almost religious zeal through all the years of his manhood.

Those who have personally known Judge Clark for a number of years and have frequently come into contact with him and are familiar with his everyday life, would stake much on the proposition that, in a rigid test by experts, the Chief Justice would, today, in point of mental and physical vigor combined, make a record equal to the average of the twelve best men in the State between the ages of 55 and 60 years. In Raleigh for years the unusually excellent state of health and mental vigor enjoyed by Judge Clark has been the subject of frequent remark.

All his life Judge Clark has with scrupulous regularity conserved his physical strength. He has been described as a "minute man" with reference to the clocklike regularity of his personal habits and the perfect method, precision and system that he employs in his work. It might be said that he works, rests, plays, eats, and sleeps by the clock. It is hardly too much to say that he has a time for everything that he does, and does everything in its own time. As giving an insight to the scrupulous care that he gives to the conservation of his strength may be mentioned the recent controversy among the State officials over the Chief Justice's insistence that a walk-way be provided close by the Confederate Women's monument on Capitol Square, regardless of the advice of the landscape gardener, on the ground that the near-cut would save him a distance of 80 yards daily in his walks to and from the Supreme Court room. Added to his other regularities of life and habit and work, the Chief Justice has always been a tee-totaler and has ever scrupulously refrained from the use of all drugs and tobacco in whatever form. In a word, Judge Clark, through all the years of his manhood, has been an exemplar in the conservation of his health and vigor, both physical and mental.

Now comes the decree of Fate, as it were, that the savings of a life-time, banked with religious regularity as a resource upon which to draw during the later years of life, count for nothing as an asset in attaining the goal of his life's ambition, while the goal he sought will be reached by one probably older, if age were measured in terms of physical and mental strength instead of calendar years.

There is in it the element of pathos. It had been better that Judge Clark had been turned down on the ground that his State already had received more than her proportion among the States of the high offices in the gift of the present administration, or on the ground that he entertains views so radical with reference to some public questions that he might embarrass the administration. But to be barred from consideration for the high honor to which he aspires on the implied ground that he has not sufficient mental and physical vigor and promise of years of service is calculated to prove discouraging to those whose ambitions have inspired them to follow the illustrious example he has set in the matter of conservation of physical and mental resources.

ROCK HILL'S BOOSTER MAGAZINE.

The chamber of commerce of Rock Hill, S. C., has beegun the publication of a monthly magazine to give publicity of a practical kind to the advantages of that prosperous and attractive city and community. Not long ago The Star said that Rock Hill furnished one of the notable examples of city building in South Carolina, and we gave the credit for it to the enterprising citizens of that place. We know them and their opportunities and we say that they have done more with them and have achieved more on account of them than any other instance of city building brings to our mind.

The initial number of the Rock Hill Magazine came out in July and it makes its appearance with a salutatory signed by Mr. Colie W. Roberts, general secretary of the chamber of commerce. It is an attractive publication, and its purpose and merit make it especially worthwhile to Rock Hill and its live chamber of commerce. It breaths the energy and enterprise of Rock Hill's city makers and it is bound to be a potential factor in further developing that altogether desirable manfacturing, educational and agricultural community.

The object of the magazine is to chronicle the activities of the chamber of commerce because it has activities to chronicle. It is a body which does things and keeps right on the job without going off on a summer vacation. For that reason Rock Hill is the place which keeps all other towns busy so they won't let Rock Hill tell them all good-bye, It has a lot of neighbors which are not letting themselves go to sleep, but progressive Rock Hill is always setting a pace that calls for some gait.

Rock Hill's example is a capital one to follow. Its stride is the real thing. It is a community of live wires, and right where we used to see a village of planked-up shanties there is a flourishing, metropolitan looking city of busy thousands. The Catawba river furnishes electrical power for manufacturing plants and the place is the center of wonderful industrial activity. It has a large cotton milling interest and extensive diversified industries, not the least of which is the Rock Hill Buggy Factory, which sells its high-type vehicles all over the country.

The Rock Hill Herald is a live daily edited by Mr. John T. Fain, formerly of Greensboro, N. C., and he is giving the chipper city a newspaper of splendid merit for the field it occupies. The State's woman's college, Winthrop, is located there, and Rock Hill's chamber of commerce has picked out locations there for about everything that it can get in touch with. Its president is Mr. John T. Roddey, who was right there when Rock Hill started in after him and others just like him. President Roddey has been in the lead from way back yonder, but Rock Hill surely has to keep its tongue hanging out to follow him and his booster crowd.

WAR ON THE ARMY WORM.

Recently some of the farms near New London, Connecticut, were ravaged by an invasion of millions of army worms. They cleaned up the crops and all vegetation as they went and were menacing 70 acres of corn valued at $10,000 on the Bradford farms owned by Commodore Morton F. Platt. The State agricultural department was appealed to and Prof. G. H. Lamson, of the Connecticut Agricultural College, was sent to cope with the situation.

Professor Lamson went to war with fifty laborers and carried them and his war material in automobiles and auto trucks. When he got on the field he decided on a war of annihilation on the approaching millions of worms. Double trenches were dug completely surrounding the great corn area. In the places where the worms were thickest a poisonous mash, consisting of bran, Paris green and molasses was strewn. When the worm reached it millions came to grief, The dead worms laid so thickly in the ditches that they were shoveled out like sand. At other points the laborers killed the worms as fast as they tumbled into the ditches.

A dispatch announces that the pest is under control at that point, but it is creating havoc in other sections of the State.

Malicious lying on a man constitutes libel but in the case of a woman it constitutes slander. In a libel suit the burden is on the defendant to prove what he has written or said is true. If he can't do it the court record will have to show that he is guilty of deliberate falsehood about a fellow man. However, all allegations of libel do not hold good. Misrepresentation which injures a man's character, standing and business is libel.

If Europe wants a sure pop, watchful waiting peace maker, we take pleasure in recommending President Wilson. By watching him, we found out that one of his ways to keep armies from fighting is to shut off the supply of money needed to buy guns, ammunition and supplies and pay off the fighters. If the European scrappers will turn over all their money to Wilson, the threatened war over there would dwindle down to a fist fight.

Austria has had longing eyes on Servia for years and has only been waiting for some slight provocation to put the screws on the Serbs. When a nation makes one man's act an excuse for war, she shows that she does not consider it at all necessary to wait for a reason. The Servian assassin, who seems to be an irresponsible fanatic or a lunatic, seems to have given Austria a long desired chance to take Servia in hand.

CURRENT COMMENT

The Wilmington Star says that "The man behind the gun and the man behind the son-of-a-gun are depended upon for protection—one for the nation and the other for society." Now thinking it over one must conclude that if it wasn't for the latter the former could be engaged in some useful occupation.—Jacksonville Times-Union.

Special attention is being given many of the cotton mill villages in this State and prizes are offered for improvements. Dr. Charles W. Stiles, one of the noted physicians of the United States public health service, declares the Caswell mill village at Kinston, with a population of about 700, to be the cleanest mill village in the United States with possibly one exception. It is flyless and mosquitoless. New school buildings are under construction at many of the mills, the owners joining with county and town authorities in public education.—Raleigh Times.

Will there be any more talk of fixing a constitutional limit to the number of counties that Georgia may have? If so, what limit will be suggested? Already the outlook is that before the end of the legislative session there will be 152 and the new county aspirations of a dozen towns have not been satisfied. For many years the Legislature is likely to be called upon to consider new county plans at every session and there will be very strenuous opposition to fixing the maximum number of counties at less than 175 and possibly at less than 200.—Savannah News.

Record-breaking crops and President Wilson's attitude of friendliness toward business on the basis of a sound readjustment are indications which continue to make for prosperity's return. We note with interest that some of the more hidebound Republican papers engaged hitherto in the calamity cry now admit the approach of better times. Nothing threatens unless, improbably, the Austro-Servian trouble in Europe should produce serious complications besides the familiar diplomatic and military bluff among onlookers to little wars. Nobody denies that all fundamental conditions are as solid as could be. We have about discounted our stuffing with many reforms. Investors all around the world show signs of regaining lost nerve. We shall enjoy full prosperity just as soon as we shake off the psychology of depression. At present there is slack demand for everything except food, bank stocks, automobiles and diamonds; but this condition cannot possibly last long.—Charlotte Observer.

The News and Courier reports that the utmost exertions of the Charleston health department is only resulting in the killing of about seven rats per diem. As the number infesting the wharves, storage plants and sewers must aggregate thousands, and this particular species of rodent is estimated to breed 48 to the pair every four months, it is evident that the alleged rate of extermination is far below the rate of propagation, and that a war so languidly prosecuted offers no defence against the bubonic plague or other disease communicable to human beings by parasites of the rat. It must be that in Charleston the catchers are afraid of being bitten or otherwise infected by the vermin they are paid to hunt to death. It was the boast of a Rocky Mountain trapper that he "Had never gotten the worst of an encounter with a bear." For whenever he came to the tracks of a grizzly, he would ascertain the direction in which they tended and himself make tracks for the opposite part of the compass.—Norfolk Virginia-Pilot.

PROTEST FROM WARSAW.

On the Way the A. C. L. is Operating Passenger Train No. 48.

(Special Star Correspondence.)

Warsaw, N. C., July 27.—One of the leading citizens today requested your correspondent to make public through your columns the following statement:

"The citizens of this town are making a vigorous protest against the manner in which the Atlantic Coast Line Railroad Company is operating its passenger train No. 48. They have operated a special train during the truck-the season nis past , they have taken the seaso nis past , they have taken this train off, and as a result passenger train No. 48 is held at the different stations along the road, thereby losing from a half hour to an hour on almost every day. This is causing the travelers, and people of the various towns, who wish to go to any place, and return in a short time, a great deal of inconvenience ,and as a great many people from the towns in this section go to Goldsboro, and other points, on this train each day, and only have a very few hours in which to transact their business, they are often either made to wait several hours for another train, or leave before they have finished their business."

A number of people of this town, and the surrounding country have been slow in taking out automobile licenses for this year, and Sheriff Best has issued orders to his deputies throughout the county to arrest every party who is seen driving a machine without the latest required tag. No arrests have been made, and the sheriff states that he hopes the owners will secure these numbers, and avoid the trouble of being made to do so.

MRS. THOMSON TELLS WOMEN

How She Was Helped During Change of Life by Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I am just 52 years of age and during Change of Life I suffered for six years terribly. I tried several doctors but none seemed to give me any relief. Every month the pains were intense in both sides, and made me so weak that I had to go to bed. At last a friend recommended Lydia E. Pinkham's Vegetable Compound to me and I tried it at once and found much relief. After that I had no pains at all and could do my housework and shopping the same as always. For years I have praised Lydia E. Pinkham's Vegetable Compound for what it has done for me, and shall always recommend it as a woman's friend. You are at liberty to use my letter in any way."—Mrs. THOMSON, 649 W. Russell St., Philadelphia, Pa.

Change of Life is one of the most critical periods of a woman's existence. Women everywhere should remember that there is no other remedy known to carry women so successfully through this trying period as Lydia E. Pinkham's Vegetable Compound.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

WANTED

Wool, Beeswax and Hides. Highest cash prices paid. Prices quoted on application. Shipments solicited.

UNIFORM TERM IN CITY AND RURAL SCHOOLS

Plans For Joint Commencement and Rally Next Spring

City Schools Open Earlier—Secretary Daniels, Governor Craig and Other Notables Will Be Invited to Attend.

For the purpose of making a uniform city and county school term of eight and one-half months, the County Board of Education, at a meeting held yesterday afternoon, fixed the date for the beginning of the city school term for the last Monday in September, instead of the first Monday in October, as heretofore, in order that joint city and county commencement exercises, to be held during the last week in next May, may be made the occasion of a big educational rally in celebration of the new school houses now in course of construction in the city and county, to which will be invited Hon. Josephus Daniels, Secretary of the Navy; Gov. Locke Craig, Dr. Edward K. Graham, president of the University, and State Superintendent of Public Instruction J. Y. Joyner, and possibly other notables.

The meeting yesterday was presided over by Chairman J. O. Carr, and all members were in attendance, also Mr. John J. Blair, city superintendent of schools. In addition to the change of date in the city school term, several other matters were considered.

The city schools, therefore, will open this fall Monday, September 28, and will come to an end during the last week in May. The commencement exercises will probably be held May 25 and 26. The Christmas holiday this year will begin Thursday, December 24, and continue through to January 4.

By the change the city and rural schools will have a uniform term for the coming scholastic year. Heretofore both the city and country schools have had a term of eight and one-half months, but the rural schools have always opened from one to two weeks earlier in the fall and closed earlier in the spring.

The details for the big celebration and joint commencement exercises have not been fully worked out as yet, but it is planned to make the occasion one of the greatest educational rallies ever held in Eastern North Carolina. Each school in the county will have its individual closing exercises as heretofore, and a joint commencement of the rural and city schools will be held in the city, probably on the high school lawn.

With the commencement here coming the last week in May, it will not conflict with the dates of the college commencement exercises throughout the State, and it is thought that all of the notables who will be extended invitations will be able to attend.

Chairman J .O. Carr will write to Secretary Daniels, Governor Craig, Dr. Graham and Superintendent Joyner immediately, extending to them invitations to be present at the commencement exercises next spring, and it is believed that they will all accept.

Prospects for School Year.

Mr. John J. Blair, the superintendent of city schools, reports that the outlook is splendid for the coming scholastic year. The city schools will start off with a total enrollment of over 4,200 children, white and colored, or an increase of more than 200 over the past year .

All the principals and teachers for the city schools, including the Northside and Southside, the Union, Hemenway, Isaac Bear Memorial and High school, have been elected and have accepted, with the exception of one teacher of science at the high school, and this position will be filled before the school term begins. Every prospect is for a most successful school year from all standpoints.

Hitch in Title.

The building of the Peabody colored school in Campbell square, has been indefinitely postponed by the Board of Education on account of a hitch in getting title to the property. In order to straighten the title it is necessary to secure from deeds from each of the four churches in Campbell square, all of which, with one exception, have acted favorably.

INSURANCE MEN AT BEACH.

Jefferson Standard "$100,000 Club" in Annual Session.

With 44 agents from the eight Southern States in which the company operates, the first session of the annual meeting of the $100,000 agency club of the Jefferson Standard Life Insurance Company, of Greensboro, was held at the Oceanic Hotel yesterday morning. Mr. T. S. Franklin, manager of the Charlotte branch, by virtue of having produced the largest amount of business for the past year, becomes president for the coming year. Mr. W. F. Clark, manager of the Macon, Ga., branch, acted as secretary.

The entire morning was devoted to a discussion of matters of interest to the agents. All expressed themselves as highly pleased with the splendid results during the year.

At the meeting this morning Col. Walker Taylor, one of the directors of the Jefferson Standard and one of the most prominent insurance men in the South, will address the agents and formally welcome them to the beach and to the city. The remainder of the morning session will be devoted to a further discussion of the life insurance business.

The club will continue in session through Wednesday. It is seldom that a more enthusiastic bunch of men has visited the beach. The agents are men of enthusiasm, of energy and push. They believe in doing things and they are enjoying every moment of time.

Each member has been provided with a neat badge which proclaims him as one of the select agents of the company.

New Road to Clinton.

According to reports current in Wilmington, it is not improbable that at an early date the Durham & Southern Railroad will be extended from Dunn to Clinton, thus giving to the latter place a direct outlet to the west. It has been suggested that eventually the Durham & Southern will enter Wilmington. There are a number of logging roads that could be used in forming a line from this city to Clinton, and thus furnish a direct line from Wilmington to points in the western part of the State.

ESCAPES AND IS RECAPTURED

Franklin Mills, Local Youth, Figures in Runaway Escapade at State Prison Farm.

Franklin Mills, a 15-year-old boy of this city, who was recently sentenced in the Superior court of Wake county to a term of two years in the State penitentiary for robbing a jewelry and other stores in Raleigh, escaped from the State prison farm in Halifax county along with Earl Cotton, of Raleigh, serving a 30-year sentence for murder, Saturday morning, only to be recaptured at Weldon yesterday morning. Cotton also was recaptured. Both prisoners will be returned to the State farm, according to advices from Raleigh last night.

Sunday night at Weldon, Cotton and Mills broke into a clothing store and replaced their convict uniforms with stolen suits of clothing. The dispatches from Raleigh last night did not carry the particulars of their recapture, other than to state that the Weldon police had captured and were holding the two.

Mills had only been committed to the farm stockade last Wednesday, to begin serving his sentence. Cotton had been there for some time. He was serving 30 years for the murder of Dr. E. W. Smith, a traveling man of Richmond, Va., which occurred in Raleigh in 1908.

The two prisoners made their escape from the hospital on the State farm by cutting the wire around the hospital stockade with a pair of plyers. How they came into possession of the plyers is a mystery, but according to a story carried in yesterday's Raleigh News & Observer, Mills, who is credited with being exceptionally clever, is thought to have secreted the cutters around his person in some manner.

Mills, though of a good family here, has always been an errant, and was at the Jackson Training School when he made his escape several months ago, in company with Fulton Lowry, another boy of similar type. The two boys started out on a career of wholesale robbery, and several stores in Raleigh, one a jewelry store, were broken into and robbed. From Raleigh they traveled to Norfolk, Va., where they were arrested. The two boys were taken back to Raleigh, and at a recent term of Superior court there were found guilty of the robberies and sentenced to two years in the State prison.

TO LAY CORNERSTONE.

Pythian Ceremonial Tomorrow Evening at New Building.

The formal ceremony of laying the corner stone of the handsome new Pythian building, now being erected on Princess street, between Second and Third, will be held tomorrow afternoon at 6:30 o'clock, when the members of the three local lodges and visiting friends will gather and carry out the beautiful Pythian cornerstone ceremonial.

A meeting of the committee in charge of the arrangements, composed of Messrs. J. D. Kelly and W. C. Owens, of Stonewall Lodge No. 1; J. W. Jones, of Clarendon Lodge, and C. E. Haskett and McD. Jones, of Jefferson, met last evening and made the final arrangements for the ceremony.

Maj. J. G. Baird, Grand Chancellor of the Grand Lodge of North Carolina, has been extended an invitation to be present for the laying of the corner stone, and will attend, according to the following paragraph from yesterday's Charlotte Observer: "Major J. G. Baird, grand chancellor of the Grand Lodge of North Carolina Pythians, will leave tomorrow for Wilmington where on Wednesday afternoon he will take part in the ceremonies attending the formal laying of the corner stone of what is destined to be one of the handsomest Pythian castle halls in the State, representing an investment of approximately $50,000. Major Baird on this occasion will deliver one of the addresses."

The members of the local lodges will assemble at the Chesnut street entrance of the Murchison Bank building tomorrow evening at 6 o'clock and march in a body to the site of the new building, where the exercises will take place at 6:30.

REAL ESTATE TRANSFERS.

Several Instruments Filed for Registration Yesterday.

Deeds were filed for record yesterday as follows: Winter Park Gardens Company to Richard H. Shew and wife, for $100 and other considerations, lot No. 38, Winter Park Gardens.

Meares Harriss and wife to V. Sidbury, for $75 and other considerations, tract in Harnett township, on Wilmington-Scott's Hill macadam road, containing five acres.

Priscilla Dunston and husband to Nathan Wilson, for $10 and other considerations, lot on west line of Sixth, 64 feet north of Marsteller street, 32 by 150 feet in size.

W. H. Capehart and wife to Nathan H. Wilson, for $100 and other considerations, lot on west line of Sixth, 99 feet south of Marsteller street, 33x160 feet in size.

L. A. Bryan and wife to R. M. Bryan, for $10 and other considerations, tract in Masonboro township, on east side of Federal Point road, containing 1.80 acres.

J. Irving Bear to C. E. Clark, for $100 and other considerations, lot on west line of Eighth, 132 feet north of Kidder street, 66x155 feet in size.

Mrs. Ella T. Summerell to I. H. Weill, for $100 and other considerations, lot on east line of Eighth, 90 feet south of Market street, 27x60 feet in size.

Southeastern Realty Company to Herbert W. Miller, for $500 and other considerations, lot on east line of Sixth, 126 feet south of Church street, 31x66 feet in size.

Funeral of Young Son.

The funeral of William Fletcher Bordeaux, the nine-month-old son of Mr. and Mrs. W. B. Bordeaux, of Seagate, whose death occurred Saturday afternoon, was conducted from the residence of the parents Sunday morning at 9:30 o'clock by Rev. N. M. Wright, pastor of Seagate Methodist church. The interment was at Prospect church. The bereaved parents will have the tender sympathy of many friends.

Funeral of Young Son.

The funeral of Charles Harper Darby, the six-month-old son of Mr. and Mrs. J. J. Darby, whose death occurred early Sunday morning, was conducted from the residence, No. 508 South Front street, yesterday morning at 9:30 o'clock by Rev. Father Dennen, rector of St. Mary's Pro-Cathedral. The interment was in Oakdale cemetery.

GOVERNOR CRAIG TO SPEAK

Will Make Address at Wrightsville Beach on Labor Day—Secretary Daniels Can't Come.

Governor Locke Craig will make the principal address at the Labor Day celebration at Wrightsville Beach on September 3rd. He was extended an invitation to make an address on this occasion by the Wilmington Trades Council and he has written Mr. L. B. Jones that he will come. An invitation to attend the celebration and make an address was also extended to Secretary of the Navy Josephus Daniels, but he has written that on account of other engagements it will be impossible for him to attend.

Invitations were extended to several prominent labor leaders of the country, including Samuel Gompers, president of the American Federation of Labor, and John Mitchel, former president of the United Mine Workers, but they have written Mr. Jones that they have agreed to speak under the auspices of the trade unionists of Northern New York at their Labor Day celebration in connection with the 100th anniversary of the battle of Plattsburg.

This will be the first time that Governor Craig has spoken here since he became Governor. He has many friends in this city and throughout this section and he will no doubt be heard by a large crowd.

The celebration at the beach this year will be on an elaborate scale. Besides the address by Governor Craig and several other prominent men there will be other events of interest to the thousands that always visit the beach on this day.

At the next meeting of the Wilmington Trades Council on Thursday night committees will be appointed to take charge of the various features of the celebration. Needless to say they will have the loyal co-operation of the citizens of the city and of the Tidewater Power Company in their efforts to make the celebration a great success.

In his letter to Mr. Jones, Secretary Daniels states that nothing would give him more pleasure than to be in Wilmington on Labor Day but that his engagements are such that he will have to deny himself the pleasure of being in his own State on that day. He still entertains the hope, he writes, of having the pleasure of visiting Wilmington, and in this hope his many friends in this city will heartily join.

THOUGHT NEGRO WAS SHOT.

Policeman A. L. Long Was Sure That Bullet Hit Fleeing Man.

If you go to the police station and mention Policeman A. L. Long there is apt to be a sort of smile on the faces of the members of the force on duty there. Then there is a knowing wink and a wise look. It all happened Saturday night when Policeman Long was detailed along with Plainclothesman B. W. Jacobs to go out to Front and Wright streets where several negroes were engaged in a "crap" game.

When the negroes saw the officers coming they began to flee in every direction. Policeman Long drew his pistol and to scare the negroes shot into the air. In the melee which followed, in which three negroes were safely "copped" his pistol dropped to the ground. After the racket was over he began looking for the gun when to his surprise he saw a negro lying on the ground with what apparently was a gunshot wound between his eyes.

While the policeman was greatly surprised, for he had not intended to kill anybody, he took the matter philosophically. He reported the matter to a brother officer. It was decided that they should send at once for the patrol wagon and take the dead negro to the station.

When the wagon arrived and the officers sallied forth to get the negro he was nowhere to be seen. After much searching they found him walking around about a hundred yards away. In the scuffle he had run against an obstruction and hurt his nose badly but otherwise was alright except for being slightly dazed.

The negro's name is James Walker and he was as much amused when he learned that Officer Long had thought that he had killed him as were the officers. "Naw, boss, I'se alright," he said with a smile, "but I shore is glad dat you didn't hit me."

FUNERAL OF MR. MARTIN.

Impressive Services Held From Home Yesterday Afternoon.

With many sorrowing friends and relatives in attendance, the funeral of Mr. William A. Martin, who died suddenly at his home in this city Sunday night, was conducted from the residence, No. 520 Dock street, yesterday afternoon at 5 o'clock by Rev. Dr. Wm. H. Milton, rector of St. James Episcopal church. Following the impressive services at the home the remains were borne tenderly to Oakdale cemetery for interment.

The burial was with Masonic honors, the members of Orient Lodge No. 395, having charge of the exercises. Many beautiful floral designs attested the love and esteem in which the deceased was held by a host of friends.

The pallbearers were: Honorary, Dr. G. G. Thomas, Capt. T. D. Meares, Prof. Geo. L. Johnson and Messrs. C. C. Brown, Jesse Wilder, D. H. Penton, Thos. F. Wood and Evander O. Toomer; active, Messrs. M. C. Hammond and H. C. Marshall, from Orient Lodge of Masons; Messrs. J. T. Munds and O. H. Shoemaker, from Concord Chapter of Royal Arch Masons, and Messrs. C. B. Newcomb and I. W. Solomon, from the Scottish Rite Masons.

ONLY 97 YESTERDAY.

Wilmington and Vicinity Still in the Grasp of Hot Wave.

With a steady and uninterrupted climb during the morning, the mercury yesterday slowly crept to the 97 mark and then stopped. Although four degrees higher than on Sunday, the heat was not as oppressive yesterday as on the day previous. There was not so much breeze, but it was more refreshing. Still, it was hot, and those who had to work did so with as little effort as possible. Last night was warmer than usual, and there was little to do except swelter and long for some of those cold days that came last February.

Observer Felger holds out no hope for a cooler day, and rather believes that the mercury will linger around the hundred mark for several days yet. He has forecasted fair weather for today, but wouldn't be surprised any time now to see showers fall.

So far this month, only about two inches of rain has fallen, and crops are suffering for rain.

All Wilmington Assembles

at Lumina these evenings. Be one of the crowd tonight. (advertisement.)

SPECIAL MEETING TODAY

City Council Will Consider Applications for Street Car Franchises This Morning.

For the purpose of giving all parties interested an opportunity to further express themselves on the applications of three different public service corporations for franchises to operate street car lines over certain of the city streets, a special meeting of City Council has been called for 11:30 o'clock this morning, at which time the matter wil be gone into more fully than when the petitions were filed with council at the regular weekly meeting last Wednesday.

The meeting today, however, is not for the purpose of taking final action on the applications of the three companies, as this will be done at a regular meeting—possibly the weekly meeting tomorrow morning. The members of council, however, desire to hear further from the representatives of the three corporations, in fact, from many citizens who may be interested, in order to thoroughly familiarize themselves with all phases of the important matter.

The corporations asking for franchises are the Wilmington & Carolina Beach Railway Company, of which Mr. C. C. Chadbourn, of this city, is president; the Wilmington & Fort Fisher Railway & Power Company, of which Mr. Hans A. Kure is president, and the Tidewater Power Company. The first two companies have only recently been organized, the first to build and operate an electric road from Wilmington to Carolina and Wilmington beaches, in the southern part of the county and the latter to build and operate a road to Fort Fisher Sea Beach, also in the southern section of the county.

The Wilmington & Carolina Beach Railway Company is asking for a franchise over Second street, and also over other of the city streets ,and its charter permits it to maintain and operate an electric power plant and to sell current for lighting, heat and power purposes, as well as to operate a street car line over the streets on which it may obtain franchises.

The Wilmington & Fort Fisher Railway & Power Company is also asking for a franchise over Second street, and over several of the other streets.

The Tidewater Power Company asks franchises over several streets for the purposes of operating additional crosstown car lines, and to extend its Fourth street car line to Hilton, also the privilege of operating a line of electric busses over other streets of the city.

Franchises granted by council to the new companies would have to be ratified by the citizens at a special election, as is provided by the city charter. The Tidewater Power Company is an established corporation, already operating cars in the city, and as such, under the charter, may be granted franchises to make extensions to its lines without the necessity of submitting the matter to the people.

BEFORE THE RECORDER.

Bob Pearsall, Colored, Gets Additional Two Months for Escaping.

After enjoying his freedom for a period of four years, Bob Pearsall, colored, who was brought back from Norfolk, Va., Sunday night by Mr. Grady Cook, will have to serve not only the remaining three months of his term but also an additional 60 days on the county roads, the latter having been meted out to him yesterday by the Recorder for escaping. Pearsall began serving his sentence yesterday.

Some time ago the county commissioners determined to take effective measures for getting back escaped convicts and forcing them to serve their time on the roads. A list of names was prepared in the auditor's office and these were sent to all the surrounding towns and cities by Commissioner McGirt. Chief of Police Kizer, of Norfolk, Va., has been on the lookout for these and his diligence was rewarded last week when Pearsall, who has many allases, was arrested.

James Walker, Willie Taylor and Dave Evans, all colored, charged with gambling, were each fined $10 and the costs. Final judgment was left open, however, until today. The cases against Rosco Hankins, Tobe Stanley, Walter Thomas and William Jennings, all colored, charged with larceny, were continued until today.

LOOKING FOR WATCH.

Mrs. E. M. Borst Seeking Article Carried from Battlefield.

Mrs. E. M. Borst is making an effort to locate a gold watch, with the initials, J. A. B. B. engraved on it, which was taken from her father, Lieut. J. A. B. Blue, a member of Campany H., of the 46th North Carolina Volunteers, who was filled in the battle of the Wilderness in May, 1964. It was carried off by a Federal soldier.

Some time ago she was informed by Mr. L. A. Bethune, of Clinton, that he had several years ago, while editor of a Clinton paper, read an article from a paper published in the State of Maine, in which it was stated that a Union soldier had in his possession a watch which had the initials, J. A. B. B. on it, which he had gotten in the battle of the Wilderness, and that he would be glad to return it to the owner. Mr. Bethune wrote to the address given, but never got a reply, the letter having been returned undelivered.

Mrs. Borst would appreciate any information that may be of help to her. Anyone having any suggestion to make should write to Mr. E. M. Borst, No. 216 North Second street.

BIG EXCURSION TODAY

Over Seaboard From Rutherfordton, Charlotte and Other Stations.

A big excursion over the Seaboard from Rutherfordton, Shelby, Lincolnton, Charlotte and stations as far down as Hamlet, will arrive today, and is expected to bring to Wilmington and the neighboring seashore resorts one of the largest excursion crowds of the season. The train will arrive at 4:45 this afternoon, and the visitors will remain until Thursday morning at 8 o'clock, when the excursion train will leave on the return trip.

The excursion has been well advertised throughout the Seaboard territory, and exceedingly low rates offered.

Missionary at Seagate Sunday.

Rev. David Herring, who for 29 years has been a missionary to China, made a most inspiring address at Seagate Baptist church Sunday morning at 11 o'clock Those who heard him speak declare that it was the most earnest, the most logical and the most sincere plea for missions that they ever heard. At the night service Rev. O. N. Marshall, the pastor, preached a most helpful sermon.

Youth

Must be taught to Save. The natural inclination of the young is to spend, because in youth there is lack of a proper conception of money values. This savings bank is an educator for the young. It teaches the value of a Dollar and its earning capacity; it instils in the youthful mind habits of thrift and economy, and helps devise ways and means to save wisely and profitably.

Let your boy or girl start with us today on the only road to prosperity—the Savings road.

"THE HOME OF SAVINGS."

The Peoples Savings Bank

CORNER FRONT AND PRINCESS STREETS.

The Settlement of Estates

is the business of the Trust Department of this Company. When named as Executor or Trustee under a will, the Bank assumes management of the decedent's property and conserves it for the benefit of the heirs.

Our experience in business affairs and judgment in investment matters makes the appointment of this Company as Executor of your will an act of business prudence. And it costs no more than having an individual to wind up your affairs.

Our officers are pleased to confer with you.

BEAUTIFUL AND IMPRESSIVE WEDDING AT ABBOTTSBURG.

Abbottsburg, N. C., July 27.—A pretty wedding was solemnized Wednesday evening at 9 o'clock in the Methodist church at Abbottsburg, when Mr. J. O. Faircloth led to the altar Miss Julia Ilene Cashwell.

The beautiful and impressive ceremony was performed by Rev. R. A. Lapsley.

"I Love You," was sung by Miss Annie Neal Clark, the accompaniment being played by Mrs. McStegall.

The bridal party entered to the strains of Lohengrin's being the processional and Mendelssohn the recessional, both being rendered by Miss Annie Neal Clark.

The bride and groom were proceeded to the altar by Misses Johnnie Cashwell and Margaret Craven acting as ribbon girls.

Following them were the bridesmaids and groomsmen. Miss Eliza Robbins with Mr. J. C. Cashwell, brother of the bride, and Miss Clara Buie with Mr. Marvin Ballentine.

Next came the little flower girls, Tiny and Lucille Cashwell. The maid of honor being Miss Edna Cashwell, sister of the bride.

The bride was given away by her brother, Mr. F. L. Cashwell, Mr. J. W. Ballentine, brother of the groom, acting as best man.

The bride wore a lovely traveling suit of blue crepe with hat and gloves to match, and carried an armful of brides roses with maiden hair ferns.

The church was tastefully decorated, the background color scheme being green and white with palms and ferns banked in profusion.

The popularity of the young couple was attested by the many beautiful and useful presents they received.

The out-of-town guests attending the marriage were Mr. and Mrs. F. L. Cashwell and family, of Alamo, N. C.; Mrs. W. W. and Miss Eliza Robbins, of Raleigh; Mr. and Mrs. R. B. Buie, of Bladenboro, N. C.; Mrs. H. Edwards, of Lumberton; Mr. and Mrs. C. C. Harris, of Wilmington; and Mr. and Mrs. O. L. Clark and Mrs. M. Stegall, of Clarkton, N. C.

After the ceremony the bride and groom left on the 10:30 train for Wilmington, their future home.

Wrightsville Beach

Miss Grace Snow, of Hillsboro, is visiting Miss Florence Potter.

Yesterday's Raleigh News & Observer: "Misses Mabel and Alice Stott have returned from a stay of several days in Wilmington and Wrightsville Beach."

Sunday's Savannah Morning News: "Miss Janet Menzies, who has been at Wrightsville, N. C., with her mother for some weeks, will leave today to visit Miss Mary Shotter at Lenox."

Mrs. Harry Stearns, Misses Marion and Alice Stearns and Mrs. M. P. Cooledge, of Atlanta, arrived yesterday and are guests at the Oceanic Hotel. Mrs. Stearns visits the beach every summer and has a host of friends here who will be glad to greet her again. She will be here for several weeks.

A new dance will be introduced tomorrow night at Lumina by Miss Chandler and Mr. West. This will be the Hungarian Hoop Waltz, which is danced inside a hoop with which there are some very graceful executions. This is a regular exhibition dance and introduces something entirely new and novel. It will no doubt prove quite popular.

Among the arrivals at the Seashore Hotel yesterday were W. R. Sanders, Smithfield; H. B. Adams, Four Oaks; St. Julian L. Springs, Lake Waccamaw; I. H. Snader, Richmond; L. Jernigan, Troy, Ala.; W. E. Adams, Laurinburg; B. C. Scott, Norwood; Mr. and Mrs. Chas. W. Gold and children, Greensboro; G. C. Royall and G. L. Dortch, Goldsboro.

Whiteville, N. C., July 27.—Mrs. M. L. Rice, of the Commercial hotel, of Whiteville, accompanied by her guest, Mrs. S. F. Osteen, of Hattiesburg, Miss., and Mr. W. J. Moore, manager of the Whiteville Lumber Company, spent the week-end at Wrightsville Beach, guests at the Seashore hotel. Mrs. Osteen leaves the last of the week for her home in Hattiesburg, Miss.

This is certainly to be Selig Night with the movies at Lumina. Two big Selig features compose the programme for the show at that most popular of all resorts. "The Open Door" is a most interesting drama of tramp life portraying the things that tend to make a tramp and the free life that the "roadman" leads. There is also another of those side-splitting comedies on for tonight, entitled "A Dip in The Briney."

A goodly number of young people from the city and visitors at the beach last night enjoyed the "clock dance" given at Lumina which was in every way a fine success. Favors were given with respect to the position of dancers on the floor when at a given signal the music stopped and a large clock on the orchestra stand designated to whom the favors were to go. Lumina continues to draw the crowds and right now when the summer season is at its height, this popular amusement place is proving the most popular place on the beach.

Included in the arrivals at the Oceanic Hotel yesterday were P. E. Williams, Cerro Gordo; D. W. Cochrane, and Daniel Cochrane, Greenville, S. C.; N. P. Gilchrist, Laurinburg; A. W. Adler, Atlanta; T. R. Childers, Spartanburg, S. C.; O. A. Davis and T. S. Sprinkle, Winston-Salem; W. F. Clark, Macon, Ga.; T. S. Franklin, Charlotte; I. H. Gant, Shelby; J. W. Edwards, Lumberton; Mr. and Mrs. Geo. H. Stanton, Wilson; B. Walsh, W. D. and H. V. Frierson, L. J. and L. P. Mackey, W. R. Parker and W. B. Upsher, Sumter, S. C.

Another novel feature will be introduced at Lumina tonight. This will be in the form of a prize dance in which favors will be distributed to the dancers, but the giving of the favors will be determined by a different plan than by means of the large clock that was used so successfully last night. At the dance tonight a system of tickets will be used to decide to whom favors are given. These special features at Lumina are immensely popular with the dancers and also afford a great deal of amusement to the spectators. Lumina has never been so popular as it has been this season. Every night is a "big" night at Lumina this year.

PERSONAL PARAGRAPHS.

—Mr. E. Fleet Williams has returned from Augusta, Ga., where he spent several days very pleasantly.

—Messrs. E. P. Fearington and J. P. Temple left Sunday afternoon for a business trip to New York and Philadelphia, Pa.

—Mr. M. I. Davis, who for the past six years has conducted a clothing business at No. 719 North Fourth street, has disposed of it and is now on his way to Waterville, Maine, where he will engage in business.

LOCAL DOTS.

—Suit was started in Superior Court yesterday by the A. B. Furlong Piano Company against the Waverly Furniture Company. Kenan & Stacy represent the plaintiff. The complaint has not been filed.

—Sheriff J. E. Robinson, of Southport, was a business visitor in the city yesterday. He informed Maj. W. N. Harriss, clerk of the Superior Court, that Jim Orr, colored, a convict on the New Hanover county roads, is wanted in Brunswick county on a charge of assault with a deadly weapon. The negro's term expires on September 29th and that at that time he will be turned over to the Brunswick authorities.

Charged With False Pretense.

H. H. Jordan, a young white man, of Wilmington, was arrested yesterday by Sheriff Cowan on a warrant issued from Richmond county charging him with false pretense. He gave bond in the sum of $100 for his appearance on August 3 at Hamlet for trial. It is alleged in the warrant that he purchased a suit of clothes for $34.75 from O. E. Jordan, a merchant, under false pretense. Jordan says that the suit didn't fit and that he, therefore, refused to take it. He declared that he was innocent of any wrong doing and expects to have no trouble in having the charge dismissed.

GUILFORD COUNTY OFFICERS IN WILD NIGHT RIDE.

Finally Catch Wipston Man in Automobile With 60 Gallons Whiskey.

(Special Star Correspondence.)

Greensboro, N. C., July 27.—After one of the wildest rides in their experience Sheriff Stafford and two of his deputies arrested Bud Charles, of Winston-Salem, late Saturday night, and took from his automobile 60 gallons of whiskey. Charles is in jail, his whiskey is in the court house and his automobile is in a garage here. The tale of the arrest reads like a story of the "Wild West" with automobiles substituted for horses. The officers had been to High Point to arrest a man for keeping a disorderly house. As they were about to leave the place in the sheriff's automobile, some boys in a buggy called to another auto, "Look out, the officers are after you."

The automobile in which the whiskey was, turned about and passed the officers, though they called halt. Sheriff Stafford gave chase and for three miles the automobiles raced. Occasionally the sheriffs' automobile would pass that of Charles, and then Charles would repass. As it passed one time a High Point deputy caught on the running board but was almost instantly thrown off. When he fell he took his pistol and shot through the tire of Charles' machine, making good his aim and puncturing the tire. Charles ran about a mile on the rim, then stopped and surrendered. The automobile contained 12 five-gallon kegs of the outlawed fluid.

THREE "LADY" BANDITS.

Being Held at Police Station in Atlanta, Ga.

Atlanta, Ga., July 27.—Three "lady" bandits, each 16, are being held at the police station lest they sally forth and shoot up the town. They form the most extraordinary case the Atlanta police have had in years.

A small boy in a West End street came hurrying to a policeman, crying that three bandits—girl bandits—were after his scalp with carving knives. The officer grasped his gun and went forth, to find May King, Ethel Ivey and Bernice Holland, all armed with carving knives in their belts, parading down the street.

At the station they stated that they had found life at the Girls' Industrial Home rather irksome, confining and monotonous, so they had stolen their weapons, escaped, slept two nights in the woods near the city's outskirts, and been half-eaten by chiggers. When they had consumed the cake they had lifted from the home pantry they had gone out to hold-up somebody for food.

After the matron had fed them the three girls asked permission to return to the home. They said they had important business out there which would require but a few moments.

"What is it?" asked Mrs. Bohnefeld.

"We want to kill the matron," they answered, in chorus. So they were not permitted to go.

SAFETY PIN IN STOMACH.

Swallowed by Infant, Removed After Six Years Without Injury.

(Special Star Correspondence.)

Wilson, N. C., July 27.—Six years ago little Lucian Hadley Stark, then an infant, swallowed a safety pin. Efforts to remove the pin were unavailing and yet the child did not seem to show any distressing symptoms. Recently the little fellow complained of pain in the left side and yesterday was taken to the Wilson Sanatorium where Drs. Dickenson and Williams performed an operation, finding the pin, swallowed six years ago. The child is doing well.

CONVERT DONATIONS INTO MONEY FOR "THE CAUSE."

Gifts of Jewelry Made by Women to be Used for Campaign Purposes.

Washington, July 27.—Arrangements for converting into coin the donations of old gold and silver that are being made to help in the votes for women campaign have been made with Director Roberts of the Mint by the National Woman Suffrage Association. The fund realized by this "melting pot" plan is to be used in the suffrage campaigns in Montana, Nevada, North and South Dakota, Nebraska, Missouri and Ohio. The women hope it will amount to $50,000.

NEW HEARING IS SET FOR HANS SCHMIDT.

Petition Will be Listened to Soon—Will Claim Natural Death.

New York, July 27.—Hans Schmidt, under death sentence for the murder of Anna Aumuller, applied today for a new trial. Schmidt's counsel asserts the girl was not murdered but died after an operation and that Schmidt cut up her body to prevent a scandal, and to protect the surgeon who performed the operation. Arguments on the application will be heard October fifth.

FOE OF MME. CAILLAUX MME. GUEYDAN BITTER

MME BERTHE GUEYDAN

Paris, July 26.—Mme. Berthe Gueydan, the divorced wife of Joseph Caillaux, is the heroine of the Mme. Caillaux trial. She came through her ordeal on the stand with flying colors. She scored the hardest blow against the defense when she handed five letters to Mme. Caillaux's counsel and agreed that he read them in court. These were the love letters which Calmette had threatened to publish and which it was said by the defense caused Mme. Caillaux to shoot the editor. Labori, counsel for the accused, evaded reading them when he found that there was nothing in the missives that warranted Mme. Caillaux in fearing exposure.

WAR NEWS EXCITES COTTON

Market Considerably Excited Over Prospect for General Hostilities in Europe.

New York, July 27.—Though all other speculative markets were fairly inactive, cotton was considerably excited over the war news from Europe and in sympathy with Liverpool cables, which were very much weaker than expected, it opened 10 to 22 points lower with a big trade and selling by prominent domestic longs, Liverpool and the Continent were conspicuous features. It declined further to a net loss of 15@23 points and then began a return movement which was continued irregularly throughout the entire day, prices generally 6 to 9 points net higher and about the top for the session.

The improvement after the first hour was materially aided by more reassuring advices from Europe which afforded the market an opportunity to reflect the bullish crop advices which today included many drought reports from the Atlantic States, as well as the West.

Some large Southern and Western short accounts were covered in the early break, and it was also evident that spinners were taking advantage of the opportunity provided by the war scare to get a cheap cotton. A couple of bullish private condition reports were received and the trade here is prepared for only a slight improvement in the government report to be issued next Friday.

Cotton futures closed very steady.

GREENSBORO NOW READY FOR RIGID INSPECTION.

Claims to Be as Nearly a Flyless Town as Can Be Found.

(Special Star Correspondence.)

Greensboro, N. C., July 27.—Now that Mr. E. P. Wharton is just finishing a successful campaign against the fly, Dr. J. T. J. Battle, another voluntary assistant health officer without pay, will commence the annual fight on the mosquito. Dr. Battle has issued a statement in which he calls upon people of the city to assist him by cleaning up their back lots and all places on their premises where mosquitoes might breed.

People of the city believe that when Dr. W. S. Rankin, of the State Board of Health, comes here this week to investigate Greensboro as a "flyless town" that he will find it as nearly flyless as could possibly be expected. A great deal of hard work has been done in the matter of preventing the breeding of flies and killing those that have been bred. Dr. Rankin is expected here in the next two or three days.

PREMIUM LIST ISSUED.

For Central Carolina Fair to be Held at Greensboro.

(Special Star Correspondence.)

Greensboro, N. C., July 27.—The premium list of the Central Carolina Fair has just been issued and shows the best line of premiums yet offered. The prizes in the racing events are $4,-000 and there is about an equal amount for machinery, farming, home departments, live stock and other things. A new department of forestry is added.

The boys corn club and girls' tomato club, for which prizes are offered, will again be a feature. Prizes are also offered for the best bay in the county, and another for the best baby from the State. Secretary Daniel says the fair will be by all odds a long ways ahead of any of its predecessors.

WAR TALK ON STOCK EXCHANGE

Nothing Else Heard in Financial Circles During Session of Market Yesterday.

New York, July 27.—The one subject of discussion in financial circles today was the impending crisis in Europe. Demoralization in the London market which was also bearing the weight of latest developments in Ireland, was strongly reflected here.

Principal American stocks were off 2 to 3 point in London, Canadian Pacific being weakest. At the opening hehe declines were less extensive, but further recessions occurred as the morning progressed, Canadian Pacific losing a total of 4½ and other securities of the first class yielding 2 to 3 per cent.

Dealings in the first hour approximated 200,000 shares at noon; the total was 350,000. Additional large gold engagements for Europe, including $5,-000,000 to London, added to the general unsettlement.

Foreign exchange advanced to 4.90.

The market recovered substantially in the afternoon on rumors that Austria and Servia might agree to arbitration.

Bonds were weak, with a break of 1½ points in Chicago and Indiana Coal Railways 5s, and 1⅛ and 2⅛ in New York City 4½s of 1963. Total sales, par value, $2,751,000. United States bonds were unchanged on call.

MONTREAT NEWS

By Rev. E. L. Siler.

Montreat, N. C., July 27.—Dr. Egbert W. Smith, secretary of foreign missions, made an interesting address Tuesday night on foreign missions, the special subject being "Our Sins Finding Us Out." He said that while the South has only 33 per cent. of the population of the United States, we have about 45 per cent. of the protestant ministers and Christians of this country. Of every 1,000 persons in North Carolina (including babies), more than 400 are communing church members, 412 in Georgia and 450 in South Carolina, while in China only one out of every thousand is a communicant. China's need is 412 times Georgia's need, yet Georgia has more than three times as many protestant ministers as the whole protestant world has sent to China. There is one protestant church edifice in the South to every 519 persons, but we have kept more than eight-ninths of our contributions for religious work at home and sent less than one-ninth across the seas. In the Southern Presbyterian church we have 1,782 active ministers, keeping 1,673 at home and sending 189 to the heathen world. Of official helpers, we have 13,000 elders, 11,000 deacons and 25,000 Sunday school teachers—a total of 50,000 helpers, sending only 229 helpers across the seas. We have 312,382 communicants in the Southern Presbyterian church, sending only 335 abroad as missionaries.

In our late war one out of every 4 (in some States), one out of every 5 or 6 in others went to the front, while in our Southern Presbyterian church only one out of every 933 goes as a missionary to the heathen. He said these sins were finding us out in the small salaries paid ministers and in jealousies in overlapping congregations, in the blunting of our spiritual sensibilities, in the lack of moral and spiritual development and in the lack of the presence of Christ.

Tonight a large audience heard an address by Dr. A. A. McGeachy, of Charlotte, on the "Need of Mission Work for Negro Women." He affirmed it as his belief that the future of the negro race was dependent upon its women. Ninety-five per cent. of them are diseased, and more dangerous to us than a dog with rabies. The religion they have can't do anything for them. The Christian white women of the South may do something for them through the church, if they have quickened within them a new sense of responsibility for the salvation of their sisters in black. Why send missionaries to Africa when there is quite as much immorality here at home. "These things ought ye to have done, and not left the other undone."

Dr. J. Gray McAllister's Subjects.

Dr. J. Gray McAllister, of Louisville Seminary, will conduct the Bible study from July 27 to August 7, and the following will be his subjects:

1. "Features and Teachings of the Book of Psalms."
2. "Messages from the Book of Esther."
3. "Nehemiah: The Man and the Book."
4. "Between the Testaments: Fasts and Lessons."
5. "Matthew: The Gospel for the Jews."
6. "Mark: The Gospel for the Romans."
7. "Luke: The Gospel for the Gentile World."
8. "John: The Gospel for the Christian Church."
9. "The New Testament Historian and His Message for Our Day."
10. "The New Testament Collection: A Vital Question Asked and Answered."

FORECLOSURE SALE.

By virtue and in pursuance of the power of sale contained in a certain deed of mortgage made by A. O. Schuster and wife to J. W. Powell, Jr., and by said J. W. Powell, Jr., transferred and assigned to the Southern National Bank, the undersigned will, on Thursday, July the 30th, 1914, at twelve o'clock M., at the Court House door in the County of New Hanover, sell, at public auction, for cash, the following described property, situate in the city of Wilmington, to satisfy the debt secured by said mortgage:

First—A lot beginning at Southwest intersection of Market and Eleventh streets; runs West with Southern line of Market street 66 feet; thence South, parallel with Eleventh street, 150 feet to Meadow street; thnce East with Northern line of Meadow street 66 feet to Eleventh street; thence North with Western line of Eleventh street 150 feet to the beginning, being part of Lots 1, 2 and 3, Block 161.

Second—A lot beginnlug in the Southern line of Market street 33 feet East of Eastern line of Tenth street; runs Eastwardly with Southern line of Market street 33 feet; thence South parallel with Tenth street 150 feet to Meadow street; thence West with the Northern line of Meadow street 33 feet; thence North 150 feet to the beginning, being part of Lots 1, 2 and 3, Block 161.

SOUTHERN NATIONAL BANK.

By John D. Bellamy & Son, Attorneys.

je 30-30d.

NOTICE OF FORECLOSURE SALE.

By virtue and in pursuance of a power of sale contained in a certain mortgage deed executed on the 15th day of July, A. D. 1912, by D. R. Foster and wife, Anna S. Foster, to A. D. Wessell, which said mortgage deed is duly recorded in Book 69, page 178, in the office of the Register of Deeds of New Hanover county; and,

Whereas, By virtue of an agreement executed between D. R. Foster and B. F. King, Jr., which bears date the 16th of July, A. D. 1912, which agreement is duly recorded in the office of the Register of Deeds of New Hanover County; and it appearing in said agreement that the said D. R. Foster is holding said property for himself and as Trustee for B. F. King, Jr., under said agreement; and,

Whereas, Default having been made in the payment of the said amount contained in said mortgage above referred to, the undersigned mortgagee will, on the 25th day of August, A. D. 1914, at twelve o'clock M., at the Court House door of New Hanover county, sell at public auction to the highest bidder for cash, that certain lot, piece or parcel of land situate, lying and being in the City of Wilmington, County of New Hanover and State of North Carolina, and bounded and described as follows:

Beginning at a point in the eastern line of Front street one hundred and thirty-nine (139) feet south of the southern line of Dock street, and runs thence southwardly with the eastern line of Front street, ninety-two (92) feet; thence eastwardly and parallel with Dock street one hundred and sixty-five (165) feet; thence northwardly and parallel with Front street forty-two (42) feet and ten (10) inches; thence northwestwardly fourteen (14) feet, to Blake's corner; thence northwardly and parallel with Front street forty-eight (48) feet, more or less, to the line of E. M. Bellamy; thence westwardly and parallel with Dock street thirty-six (36) feet; thence southwardly and parallel with Front street six (6) feet; thence westwardly and sixteen feet (116) to the eastern line of Front street, the point of beginning. Being part of lots Three and Four in Block 139, according to the official plan of the City of Wilmington. Together with all the rights and privileges in and to a certain brick wall on the northern boundary of said premises above described, which were conveyed by John D. Bellamy and wife to A. D. Wessell by deed dated 6th day of November, 1911, and duly recorded in the office of the Register of Deeds of New Hanover County.

Said sale to be made subject to an outstanding easement and right of ingress and egress in, upon and over a strip of land at the southeastern corner of the above described tract, being a strip of land ten feet wide extending between parallel lines from the southeastern corner of the above described tract to A. E. Blake's line.

Place of sale: The Court House door of New Hanover county.

Time of sale: August 25th, 1914, at 12 o'clock M.

Terms of sale: Cash.

Dated and posted this, the 23rd day of July, 1914.

A. D. WESSELL, Mortgagee.

By W. P. M. Turner, Attorney.

DUBLIN THE SCENE OF MORE RIOTING

(Continued From Page One.)

of mind to grant any concessions to Ulster. The Laborites and many Liberals support them.

The government announced in the House of Commons today that Deputy Police Commissioner Harrell who ordered out the transports had been suspended and that his superior commissioner, Sir John Ross, who expressed a desire to share the responsibility, has resigned. A special inquiry will be held. In the meantime the demand for the removal of the Scottish Borderers from Dublin has not been granted, largely because an attempt to remove them would be the signal for attacks by the mobs.

Animus Against Castle.

The Nationalist members of Parliament at a meeting today showed more animus against the Castle than the government. They consider Viceroy Aberdeen's official family prejudiced against the Nationalists.

A heated discussion was started in the House of Commons by John Redmond, the Nationalist leader, who demanded an impartial inquiry into the conduct of the troops and their punishment, if the shooting was not justified. He demanded also that the regiment be removed from Ireland, that the proclamation against the importation of arms into Ireland be withdrawn and that the law be administered impartialy.

Mr. Redmond compared "this monstrous business" with the parades of armed volunteers in Belfast.

"To such a state of impotence has the British government been reduced in Ireland," he said, "that a subordinate official is able to call in soldiers without consulting the executive of the country."

He expressed the hope that the Irish people would not blame the troops too much and concluded amid cheers:

Will Not Submit Longer.

"Four-fifths of the Irish people will not submit any longer to be bullied and punished for conduct which is allowed to go scot free in Ulster by another section of their fellow countrymen."

Augustine Birrell, chief secretary of Ireland, blamed Deputy Commissioner Harrell, who had assumed the whole responsibility, but the chief secretary put the question up to Commissioner Ross as to whether he associated himself with what had been done and declared that if he did he would be suspended also.

Mr. Birrell said the major in command of the detachment of the Scottish Borderers had denied that he gave orders to fire on the people.

William Redmond: "He ought to be hanged."

Lord Robert Cecil: "The ministers ought to be hanged."

Mr. Birrell said the soldiers became exasperated after several of them had received severe injuries.

Andrew Bonar Law, leader of the opposition, declared the government's policy was responsible for the tragedy.

The prime minister defended the government's impartiality in attempting to prevent the importation of arms. He concluded: "The difficulties in Ireland are due to the attempts in this House to govern the people they cannot understand, by a parliament imperfectly equipped for the task."

Arthur J. Balfour and others criticised the government for making scapegoats of police officials.

CROP MONEY DEMANDS EXCEEDINGLY ACTIVE

(Continued From Page One.)

thousand members of the Ancient Order of Hibernians, a Catholic organization.

Representative Doughton will take a delegation to the White House this week to endorse Judge B. F. Long, of Statesville. P. R. A.

Banks Reply to Questions.

Washington, July 27.—Secretary McAdoo made public tonight many of the telegrams from National banks throughout the country on which he based his decision to deposit $34,000,000 of government funds to aid in moving the Fall crops. Nearly every one predicted heavy demands for money, and referred to the enormous crops being harvested. From St. Louis a business revival within sixty days, accompanied by demands for credit from mercantile houses was forecast.

WARBURG MAY WITHDRAW.

Announcement Will Be Made From the White House Today.

Washington, July 27.—Whether President Wilson will withdraw the nomination of Paul M. Warburg, of New York, as a member of the Federal Reserve Board probably will be announced tomorrow. It was said tonight that the President had written to Mr. Warburg urging that he reconsider his refusal to appear before the Senate banking committee, and that unless the banker acceded the nomination would be withdrawn immediately.

Senator Owen, chairman of the Banking committee, who has just returned from Europe, telegraphed Mr. Warburg today asking that he come before the committee. Tonight Mr. Warburg replied, referring the chairman to Senator O'Gorman, who recently conferred with the b anker. Senators Owen and O'Gorman conferred later, but neither would say what teh result had been.

At the White House it was said a reply to the President's letter was expected tomorrow. Senator Owen saw the President today and afterward said: "I am inclined to believe that that Mr. Warburg will not come before the committee. I think he feels that his dignity would suffer in view of the circumstances. Of course, his name will be withdrawn if he does not respond to the committee's invitation."

RESULTS IN TEXAS ELECTION.

Complete Unofficial Returns from Saturday's Primary Made Public.

Dallas, Texas, July 27.—Complete unofficial returns from Saturday's Democratic primary tonight indicated that Eugene Black had defeated Representative Horace M. Vaughn for the nomination in the first Congressional district. Jeff McLemoore, Houston, and J. H. Davis, Sulphur Springs, were nominated Congressmen- at-Large.

The defeat of the plan to submit an amendment providing State-wide prohibition by a majority of 15,000 to 20,000 is conceded by its supporters. James E. Gerguson, Temple, anti-prohibitionist, was nominated for Governor by 30,000 to 40,000. The Congressmen were re-nominated:

Dies, Young, Rayburn, Hardy, Gregg, Eagle, Burgess, Buchanan, Henry, Stevens, Slayden, Garner, Smith, Sumner and galloway.

All Wilmington Assembles at Lumina these evenings. Be one of the crowd tonight. (advertisement.)

CARRANZA AND ZAPATA WILL GO HAND IN HAND

(Continued From Page One.)

try or for the triumphs of the arms of the Connstitutionalists.

7. All Catholic colleges shall be closed which do not obey programmes and texts ordered by officials and which do not have at their head some professor who is a graduate of the normal schools of the country who will be responsible to the government for any infraction of the rules.

8. Any infraction of these laws will be punishable by a fine of $105, and arrest and imprisonment from two to four months, or both fine and imprisonment. In event of a second offense the school will be closed.

Grounds for Action.

Explaining the grounds for this action, Villareal's decree reads: "In the interest of public health, morality and justice, the State of Nuevo Leon will limit the scope of the Catholic church, which during its life has entirely forgotten its spiritual mission, its sole rige to be recognized by modern society. The church has consecrated itself principally to conquest in politics. To secure its object it always has been allied with the reactionary government and the despots and even with foreign invaders.

It has showed itself an implacable enemy to the Liberal movement and progress from the first revolution of Ayutla until the present time and has fulminated its ridiculous ex-communications over the most grand and glorious benefactors of the country, Hidalgo, Juarez and Leredo de Tejada.

"The Pretorial and clerical rulings of Porfirio Diaz and Huerta, against which the Mexican people have been struggling heroically for many years, have had the sympathy and assistance of the Mexican church, the church has had its benedictions for the crimes and corruptions of Huerta and has unsuccessfully worked to incite the public against the Constitutionalist cause."

Some of the ceremonials of the church were criticised, Villareal alleging that in Mexico they have tended toward weakening of moral character. The colleges came under his disapproval also and he declared it the course of wisdom to close the clerical schools for the present on the ground "it is a supreme national necessity to stamp out at the root the arrogant abuses of the Catholic church and remove the grave danger which the institution represents, more political than religious, for the tranquility and future progress of the country. It is not the intention of this government not to recognize liberty or conscience, or persecute any cults while others enjoy guarantees, and for this reason the privilege has been accorded five Catholic churches of re-opening their doors in Monterey."

Catholic churches recently have been closed in Saltillo, San Louis Potosi, and Nuevo Laredo.

ENGLAND WOULD ACT MEDIATOR IN TROUBLE

(Continued From Page One.)

the operations of the stock and corn exchanges here until Thursday.

Dispatches to Washington.

Washington, July 27. — Dispatches fro mthe American embassies at Berlin and St. Petersburg tonight say prospects for peace in Europe were brighter than at any time since rupture of diplomatic relations between Austria and Servia.

Developments late today in the German and Russian capitals, the dispatches announced, were decidedly favorable to an adjustment of the differences without hostilities. No details were given.

Regiment at Baltimore.

Baltimore, Md., July 27.—A sufficient number of Austro-Hungarian "reservists" to form a regiment live in Baltimore, according to a statement today by Consul Hester. He said that of the twenty thousand natives of the dual monarchy in that city, more than 1,000 are subject to call for war.

DID MISSING ATLANTA WOMAN VISIT NEWBERN RECENTLY?

Circumstances Indicate That They Spent Day There.

(Special Star Correspondence.)

Newbern, N. C., July 27.—While the Atlanta, Ga., police are searching the country over for Mrs. Eloise Nelms Dennis and her sister, Miss Beotrice Nelms, who disappeared from that city a few weeks ago, there is a probability that the two women have visited Newbern during the past few weeks. It is believed that they went from Georgia to Asheville and in fact it has been shown that they were in the western part of the State about two weeks ago.

In order to reach Asheville by a round-about-way, which it is claimed the sisters were following in order to throw pursuers off their trail, there is a probability that they came by Newbern and a few weeks ago two women, who in every way answered the description of the missing women, registered at a local hotel. A short time after their arrival here one of the women, who is believed to have been Mrs. Dennis, went to the Postal Telegraph office and sent a message to a man in South Carolina. The Postal people will not give out any information as to whom this telegram was addressed to, but it is believed to have been sent to Victor E. Ennis, who has figured very prominently in the mystery. The women spent but one day in Newbern, leaving on the Westbound train and purchasing a ticket to Greensboro.

It is known that they reached Goldsboro and they were seen to board the westbound Southern train, but so far as is known they have not again been seen in this section. The probability is that the women went to Asheville and there met the man to whom the telegram was sent from Newbern. The authorities in Western North Carolina have made a search for the missing girls in the western part of the State but have failed to locate them. One thing that leads to the belief that the two girls are the ones being hunted for is the fact that immediately after arrival here they inquired if there was any mail for them from Atlanta. They were registered here under the name of Mary and Emma Graves.

"ARMY WORMS" IN WAYNE AND DUPLIN COUNTIES.

Outbreaks Reported to State Department of Agriculture.

(Special Star Correspondence.)

Raleigh, N. C., July 27.—New outbreaks of the "army worm", the crop pest that has given considerable concern by its presence in nearly a dozen counties of the State the past two weeks, were reported today to the State Department of Agriculture from Wayne and Duplin counties, the localities being Dudley, Wayne county, and Weeksville, Duplin county. The department officials are still much inclined to the opinion that the pest will not gain any serious headway in the State as it is being promptly eradicated wherever it appears.

EVIDENCE IN CAILLAUX TRIAL HAS BEEN CLOSED

(Continued From Page One.)

ing judge. They were not read in court.

After the reading of the will, which disposed of $2,600,000, M. Caillaux said: "We may well be astonished at the singularly rapid increase of M. Calmette's fortune. In our middle class families it would take 150 years for such a fortune to accumulate."

Maitre Chenu asked: "Would M. Caillaux tell us in what way all this excuses the crime of his wife?"

"There are some questions which ought not to be asked," M. Caillaux replied hotly, "but since I am asked I shall answer. There is something, perhaps, worse than losing one's life; That is to live by attacking women and enriching one's self at their expense."

While reading the will M. Caillaux said: "I wish to draw particular attention to the clause saying: 'A greater part of the fortune I leave comes from a personal gift made to me by Mme. Boursin, it being understood that I paid her an income therefrom during her life.'

"What do we gather from this will?" M. Caillaux continued. "First of all an act of gift was executed illegally, which constitutes a testamentary fraud. How did Mme. Maria Boursin, who inherited from M. Chauchard, under conditions it were better not to dwell upon, from forty million to fifty million francs, consent to give up 8,000,000 to M. Calmette? It has never been explained, but an explanation has been brought to me which I have despaired to use."

ADD EVIDENCE .. fizC.. .. ..

Was Political Move.

New York, July 27.—The disclosure of the relations between Gaston Calmette, as editor of the Paris Figaro, and the present Hungarian government, though advantageous to the defense of Mme. Caillaux in her trial for the killing of Calmette, was in fact a move in Hungarian party politics, Count Michael Karolyi, leader of the Hungarian radicals, said here today on the eve of his departure for Hungary.

Count Karolyi confirmed his part in furnishing M. Caillaux with the papers which the latter presented in court in Paris today. The papers were of this year's date, Count Karolyi said, and were two in number.

One was a letter addressed to M. Calmette by personages in Budapest and the other from him to them. Both were written in French and dealt with the arrangements for favorable statements by the Figaro on Hungarian affairs.

Count Karolyi handed the documents to M. Caillaux while passing through Paris on his way to this country. This was after the indictment of M. Caillaux.

Calmette Was Traitor.

"The letters," Count Karolyi continued," furnish proof that Calmette, of whom it had been sought to make a hero, was actually in the pay of the Hungarian government and had undertaken to speak favorably of it in the Figaro, though Hungary adhered to an alliance hostile to the international group of which France is a member. The Figaro has been lending this support to the government of Count Tisza for nearly one year and a half."

Count Karolyi, who is one of the leaders of the opposition in Hungary, said he secured proofs of the "Publicity" work of the Hungarian government with French and also English papers.

The letters concerning the Figaro, he declared, are only two out of a lengthy correspondence.

Supplementary disclosure would be made at other opportune times, he intimated. This "publicity" had been done out of a "reptile" fund of over four million Hungarian crowns ($800,000), he added. The count would not disclose the amount mentioned in the documents submitted to the Paris court today, nor go into further details which mikht necessitate a summons to him from the French judge.

Regarding his return to Hungary at this time Count Karolyi said that he had cut short his visit to this country becaues as a party leader his place was in his own country at the time of such a crisis.

To Keep Skin White, Velvety, Wrinkle-Free

C. M. W. says: "I perspire so excessively that powder makes my face so streaky these days and creams make it greasy and shiny. What can I do?" Try the treatment recommended to "Anise."

A. F. G. writes: "My skin seems so loose and wrinkly in hot weather. What will help it?" Use a wash lotion made by dissolving 1 oz. powdered saxolite in ½ pt. witch hazel. This is immediately effective in any wrinkled or flabby condition. Use daily for awhile and results will astonish you.

Anise: A simple way to keep your skin smooth, soft and white is to apply ordinary mercolized wax before retiring, washing it off in the morning. This keeps the face free from the particles of lifeless cuticle which constantly appear. The wax absorbs these worn-out particles, so the younger, fresher, healthier skin is always in view. An ounce of mercolized wax may be had at small cost at any drug store. Use like cold cream.—Aunt Sally in Woman's Realm.
